upset that Eastlake did not have an area to watch the power boat race and also that the fishing pier is closed at the end of Erie Rd. I need to clarify that the city does not own that property. We leased it from them until a few years ago. We discontinued the lease when the area became unsafe. You have to understand that we cannot spend taxpayer money to repair something the city does not own. We have made presentations to acquire both the pier and other acreage before COVID and the HB6 issues. The property is still tied up in court and therefore we cannot acquire it at this time. We are very interested in getting the land and are more than confident

that once we do that we will have investors and the ability to apply for grants to develop the area.

GFWC of OHIO: Eastlake Women's Club

GFWC Ohio Eastlake Women's Club Summer Volunteering

Most people look forward to the summer as a time for laying back, enjoying a vacation or just staying at home and chilling out. The Women's Club does enjoy some of these along with continuing our volunteering in and around our community. You may have seen some of our members at the following events. We collected parking fees at the city lot for Captain's games. We served ice cream and cupcakes at Eastlake's 70th birthday party at the Boulevard of 500 Flags.

Angela Schmidt, a club member, was a member of a committee to research and organize a display in the log cabin on the history of the city of Eastlake. Members continue to assist in the free lunch distribution program on Mondays and Fridays at Willow Praise Church in Willowick. Activity sheets are handed out as part of our club outreach to children.

The Club hosted a second garage sale this summer. Our first was Surfside Garage Sale event in Eastlake. The second was during the Willowick city wide garage sale. All proceeds from these two garage sales will be benefitting our

annual scholarship to support an Eastlake High School Senior with college expenses.

At our year end banquet at Trader Jacks we introduced our members to the 2021 awardee of our Gerry Gallagher Memorial Scholarship. Kayla Campbell was our awardee and will be attending Hiram College majoring in Biology.

On August 28th club members will be donating to a basket raffle hosted by the Gray Riders M.A. at The Shop in Painesville. The Gray Riders have chosen Forbes House as the recipient of proceeds from this raffle. This will be

the third year our organization has supported the Gray Riders charitable outreach.

Our fall meeting will be September 1st at Willow Praise Church's meeting room, 32901 Vine Street, Willowick at 6:30pm. If you would like to join us and find out more about our club and your community, please contact Eastlake City Hall at 440.951-2200 or visit our Facebook page-GFWC Eastlake Women's Club.

"If our hopes of building a better and safer world are to become more than wishful thinking, we will need the engagement of volunteers more than ever." — Kofi Annan

Lakeland Distributes Another Round of Emergency Funding to Students

Lakeland Community College will distribute another round of emergency grants to eligible students. As of July 7, 2021, over \$2.8 million has already been given directly to Lakeland students to help defray costs associated with college.

The funding comes via the Higher Education Emergency Relief Fund (HEERF) that provides COVID-19 relief to students under the Coronavirus Response and Relief Supplemental Appropriations Act and the American Rescue

Plan. Students may use the grant toward the cost of attendance, or for emergency costs that they've incurred due to coronavirus, such as tuition, food, housing, medical and mental health care, technology or child care.

The grants are available to all enrolled students (excluding College Credit Plus). Students do not need to be a financial aid recipient to receive assistance but are encouraged to complete the 2021-2022 Free Application for Federal Student Aid (FAFSA) to determine eligibility for additional federal, state and local funding opportunities.

Lakeland first distributed emergency grant funds in May 2020 through the Coronavirus Aid, Relief and Economic Security (CARES)

Act specifically intended to provide emergency financial aid grants to students. Many who rely on campus resources such as computer labs, Wi-Fi, food pantry, child care, etc., unexpectedly had additional costs in order to continue the semester entirely online.

The application for fall semester grants will be available Aug. 2, 2021. Lakeland's fall semester classes begin Aug. 21.

For more information about HEERF and to apply, visit <https://lakelandcc.edu/web/about/stimulus-grants-heerf>

Bankruptcy 101:

The Miracle of Bankruptcy

Bankruptcy is the most affordable, fastest working, constitutionally backed legal mechanism available for Americans in financial trouble. Most importantly, bankruptcy offers powerful protections to people that cannot be had in any other way. Some of those protections are as follows:

1.) Protection of Assets: Once a bankruptcy is filed the Court protects many assets from being taken. It also prevents garnishment of wages. In almost all cases we are able to keep a person in their home, keep their cars, and all of their personal belongings to name just a few of the benefits.

2.) Protection from Creditors: Once your bankruptcy is filed, you receive a legal protection

called an Automatic Stay. This "stay" prevents creditors and debt collectors from making contact with or trying to collect money from you. The automatic stay will stop foreclosure, lawsuits, wage garnishments, vehicle repossession, utility shut off, license suspensions for uninsured accident damage to another motor vehicle and more.

3.) Discharge of Debt: Upon completion of the bankruptcy your debt is eliminated and does not ever have to be paid back.

4.) Time to catch up on Payment: In many cases bankruptcy filers get a chance to catch up on payments that are overdue on your home, car, or other assets.

5.) Re-build Your Credit: Bankruptcy clears up and resolves your debt, judgments, delinquencies, foreclosure and

other bad marks on your credit rating and gives you a "fresh slate" upon which to re-build your credit. It also prevents creditors from coming after you years down the line for debts that are labeled "write offs" or "charge offs" by the bank on your credit report but that, unknown to most, are still collectible.

6.) It Works Fast: We are able to stop creditor harassment, lawsuits, foreclosures, garnishments, repossessions and a whole lot of other problems FAST with bankruptcy. Bankruptcy is not like applying for a bank loan. It moves fast. The protections discussed can be used the same day we file. Some of these protections like stopping harassing phone calls are

available immediately upon giving us money down for representation.

Bankruptcy is about having peace of mind and relief now but it is also about financial planning for the future. It is about re-establishing credit, keeping the lion's share of your property and resolving all of your current debt and bad marks on your record so that you will be in good financial standing in a few years. It is about a fresh start in life. Everyone deserves a fresh start.

Even though a bankruptcy is technically public record, the fact that you are filing bankruptcy will only be known by a few people who you probably will never even come in contact with - let alone know. It is not published in

the local newspapers. The truth is that no one really cares whether you file bankruptcy anyway. They are too concerned with their own problems.

You do not need to live in fear of debt collectors, lawsuits, losing your home or any of the other dreaded consequences of financial problems. You do not have deal with the unbearable anxiety of financial stress. We can cure your debt problems.

Delchin Law offers to start bankruptcy protection and stop bill collector harassment for only three hundred dollars down. If you think Bankruptcy might be able to help you, please call us for a free, confidential, no obligation consultation.

Lake County YMCA Announces 2021 Dream Car Winner

The Lake County Y would like to congratulate Jayne Chebra of Painesville for winning the 2021 Dream Car, generously donated by the Chevy Network and Classic Chevrolet of Mentor. This year's Dream Car was a 2021 Chevy Traverse LT AWD. Not only did Chebra win the car, but she also won two mountain bikes, a bike rack, a two night stay at the Barn Inn B&B in Millersburg, Ohio and a \$100 gas card. Upon turning the winning key, Jayne immediately looked for her husband and shouted, "I can't believe it, we won!" The shocked couple peered through the glass windows of the West End YMCA to their new car. Chebra immediately called her daughter with the good news.

The Lake County YMCA is known around Northeast Ohio for their annual Dream House fundraiser. Known as a summer "hot list" event, the Lake County Y has invited tens of thousands of visitors to tour the house through the years. Due to COVID-19, this was the second year the Lake County Y had to suspend the ever popular Dream House project. Dick Bennett, CEO of the Lake County YMCA stated, "The last 18 months have been particularly challenging for so many; and your Lake County Y is no exception. In addition to the economic impact of suspending our health and wellness centers and most services, the pandemic also curtailed our ever-popular Dream House project for the second time in 27 years last year. As the Lake County

Y's largest annual fundraiser, you can imagine it is a difficult one to replace." Bennett went on to note that over 70,000 tickets were purchased. Bennett went on to say, "All proceeds, which should net a little over \$300,000 will go a long way to sustain our mission through these difficult times and assure the strength of so many fine Y programs that serve every pocket of our community."

Chebra was one of the 10 finalists who were pulled by Sheriff Leonbruno at a separate event on Wednesday, July 7th.

The 10 finalists were:

1. Ethan Evans - Morrisville, NC
2. Laura Elersich - Euclid, OH
3. Mark Kopcienski - Avon, OH
4. Jayne Chebra - Painesville, OH
5. Vito Vedova - Rocky River, OH
6. Linda Bestvina - Willoughby Hills
7. Chester Skoczen - Medina, OH
8. Laura Ciekier - Middleburg Hts.
9. AJ Clonts - Oberlin, OH
10. Julie Everett - Newbury, OH

The final key ceremony was held at the West End Y at Union Village on Sunday, July 11, 2021. Friends and family of the above listed joined the 10 finalist in cheering and hoping they were going to be the lucky winner. Gasps and sighs filled the room as each individual came up to try their luck. Chebra was forth in line and turned the working key.

"The Y is so much more than fitness centers and gyms, pools and locker rooms; we are a cause! Dedicated to strengthening (and protecting) the spirits, minds, and bodies of our friends and communities," said Dick Bennett.

Protecting your household goods, with attention to details and applying excellent spacial relationships in packing the truck for efficiency, safety and protection.

We follow all State of Ohio and USDOT rules and regulations for Household Movers. We provide a written estimate as required by State Law. This estimate is a 'not to exceed' price. Your move is based on an hourly rate and it is our hope the charge will be less than the not to exceed price, but never more - no matter what - no

surprises.

We have all the required insurances, including: \$2 million in General Liability, \$50k in Cargo Insurance, Truck Insurance and Workers Compensation.

When the Coronavirus hit, it shut down my life long career in Building Design and Construction and Architectural Project Management. Not being ready to retire, I developed Plaid Movers based on the needs of realtor's and their clients. Along with younger, stronger men and women we put together a crew of experienced workers.

Plaid Movers services families, homeowners, landlords, businesses and industries with their moving, packing, cleaning, trash removal, delivery and yes even some landscaping needs. Give Dean a call.

Steve Douglas the owner of Mentor Window was asked about how they continue having such success in the home improvement industry. "We have crews that have been with us for decades, and we are very particular about the installers we hire. We won't just hire anyone to catch up if we are backed up a bit, quality is at the top of our list when it comes to workmanship. When it comes to pricing, we are straight forward with people, they don't want to hear any buy 1 get 1 free nonsense. They want a fair,

honest price up front without all the gimmicks you see out there in advertising. We treat each and every one of our customers like family."

"Only about 5% of the Home Improvement companies in Northeast Ohio have performed consistently well enough to earn our Super Service Award," said Angie (founder of Angie's List.) "It's a really high standard."

Angie's List Super Service Award 2020 winners have met strict eligibility requirements, which include an "A" rating in

overall grade, recent grade, and review grade period; the company must be in good standing with Angie's List, pass a background check and abide by Angie's List operational guidelines.

Service company ratings are updated daily on Angie's List. Companies are graded on an A to F scale in areas ranging from price to professionalism to punctuality.

Getting Started with Medicare - Now offered in person and online

There's so much to learn about Medicare before you enroll. You could spend countless hours talking to friends and visiting various internet sites, or you can attend a comprehensive workshop called **Getting Started with Medicare** where I cover all the basics. Over the past 14 years, hundreds of people have attended this class in person and started off on the 'right foot' with Medicare.

Unfortunately, some community classroom settings are still not up and running limiting my ability to present this class. So, to make it convenient for everyone turning 65 to learn about Medicare, I now offer my **Getting Started**

with Medicare class as an online presentation so you can log in from the privacy of your home to learn all the ins and outs of Medicare.

I cover when and how to enroll, as well as the many differences between Original Medicare, Medicare Advantage Plans, Medicare Supplement Plans and Medicare Part D Prescription Drug Coverage. We go over how to avoid penalties for late enrollment. I will also discuss how you can get coverage for dental, vision, hearing and other services not generally covered by Original Medicare.

To watch **Getting Started with Medicare** online, go to

my home page at <http://www.mutskoinsurance.com>. There, you will find the link to the class. You can watch it all at one time or go back to review sections you may have questions on as often as you like. It's that simple.

Relay for Life of Lake County

Relays across the U.S provide major funding for the American Cancer Society. Our local Relay takes place Saturday, September 18, from 4:00 pm to 10:00 pm at Wes Point Park, located between Euclid Ave. and River St. in downtown Willoughby.

Join us for food trucks, raffle baskets, games, music, team fundraisers, and a whole lot of fun for the entire family. Eighteen teams will have a walker moving around the park during the event as well as raising funds throughout.

There always is something awesome going on at Relay.

Our event opens with a celebration as we honor the strength and courage of cancer survivors and their caregivers. At dusk is a moving ceremony in which luminaries are lit that contain names of people touched by cancer--those lost, battling the disease, or who have survived it. The event closes by all of us making a commitment to fight for a world free of cancer.

Since most Relays were canceled last year, this is a very important year for us to raise funds for cancer research and various programs provided by the American Cancer Society.

For more information, go to www.relayforlife.org/lakecountyoh. We hope to see you there!

Cruelty Prevention Project Launched with \$50,000 Goal

Lake Humane Society has launched the "Cruelty Prevention Project" to raise critical funds for the Humane Investigations Department, including an efficient vehicle, additional equipment, and training. Lake Humane Society employs the only Humane Agent in Lake County and responds to all reports of animal cruelty and neglect.

The full-time Humane Agent is on the road 5 days a week, regardless of the weather, protecting and advocating for pets in Lake County. The need is currently greater than ever. In 2020, the Humane Investigations department responded to 42% more reports of animal cruelty and neglect than in previous years, rescuing 254 pets and helping keep many animals in their homes. The Humane Agent works to educate pet owners on how to properly care for their animals and provides important resources. She also connects individuals with LHS's community support programs, such as Auggie's Pet Food Pantry and the Low-Cost Wellness Clinic.

Unlike local police departments and other emergency services, the Humane Investigations Department is funded solely by donations, because Lake Humane Society does not receive any county, state, or federal funding. Lake Humane Society covers all expenses associated with Humane Investigations in Lake County, including the Humane Agent and support staff, including administrative, medical, and animal husbandry staff wages, vehicles, animal supplies, court costs and legal representation.

The Cruelty Prevention Project has a goal of \$50,000. Lake Humane Society aims to reach this goal by August 31, so there is time to secure a vehicle before the winter weather arrives. Funds raised

will be used to purchase a Subaru Forester, an all-wheel drive Humane Investigations Vehicle. The Humane Investigations Department has been utilizing the same vehicle, a large 2008 panel van, and equipment for over 13 years. It is critical to purchase an efficient vehicle for day-to-day operations. The project will also underwrite standard vehicle fuel, maintenance, and insurance. It will also make it possible for the Humane Agent to continue her education in safety and protection methods while upgrading old equipment and supplies.

As a small nonprofit organization, Lake Humane Society seeks community support to ensure the Humane Investigations Department has the current training and equipment necessary to protect abused and neglected animals for years to come. All gifts made toward the Cruelty Prevention

Professional Painters Take Pride In Trade

MDM Painting starts off with trust and reassurance by offering our "0 Down Payment." This means that you pay nothing before we start the job, or during the job, "NOT EVEN FOR MATERIALS!" Payment is only due upon completion and acceptance of the finished job.

I perform your job along with two other people, which is why I can promise you what I say, I will do! We're not some big company that offers all kinds of trades other than painting. We are all trained professionals at just painting... and with that comes a professional finish!

Our business is based on problem solving. Finding the

reason why previous coatings have failed, correcting the problem through proper preparation, and using only top of the line products like Sherwin Williams, Behr, and Benjamin Moore Paints; and I only use their highest quality products. This guarantees a fine finish, great adhesion properties. Therefore, a long lasting paint job that you can simply wash to restore to its' original beauty...and not have to paint for many years to come unless you just want to change the color! Not to mention the great sub-base that will be under your next paint job that these quality products provide.

This is your home. Your investment. Never try to save

money on product or professional installation...it just guarantees future problems.

MDM Painting offers senior discounts as well as military discounts. We're proud that we hold an A+ rating with the Better Business Bureau because I answer the phone and quickly address any problems that may occur. When I show up for an estimate, I have extensive testimonials as well as before and after pictures of recent and past work successfully

completed in your community so you can make a more confident decision about my credibility and your selection to move forward with your job.

I'm insured and bonded and will have my insurance company send you a document insuring "YOUR HOME" while we are there to paint, if you wish.

I have learned that becoming a reputable company requires honesty, fairness, and an extra helping of punctuality. Let's face

it...as long as you do excellent work and maintain a clean work site and keep a respectable image... people will want you back for future work and will tell others about your company.

Bottom line...do it right, use the best available materials and take pride in your trade...the rest just falls into place!

To reach Michael D. MacGillis Sr. at MDM Painting call (440) 392-0101 or (440) 477-3927.
