Quotes:

"[Jillian] is truly one of the most altruistic, ethical students I've ever come across. To some, she might "fly under the radar". However, she can be quite articulate and both proactive and responsive when she recognizes a need.... she hopes to major in anthropology using this as a springboard to find some way to serve others..." **Anne Christie** - Academic Advisor

"Without the support of the Anchor Scholarship Foundation and the donors that hold it up, I would have to take out thousands of dollars in loans which would weigh me down for years after college. Thanks to you, that amount is being greatly reduced giving me the opportunity to start life after college with a blank slate. I never thought I would be so blessed as to be picked for such a generous award. I'm so thankful to all of you who made it possible." **Jillian**
