

**Director-at-Large position 1- Chris Cole:** Professor Christopher Cole teaches theatre and is the Scenic, Lighting and Sound Designer at McLennan Community College in Waco, Texas. Professor Cole received his B.F.A. in Theatre from Tarleton State University in Stephenville, TX and his M.F.A. in Theatrical Design and Technology from the University of Southern Mississippi in Hattiesburg, MS. Professor Cole has designed and directed numerous productions in academic and professional settings. He has worked in many theatres and found spaces across the country and has even designed a show on the deck of the USS Wisconsin in Virginia. Professor Cole promotes the use of emergent technologies in his lighting and sound designs in an effort to keep his students current with the fast paced growth of the theatrical technology industry.
