

# ASK COUNCILMEMBER ROSARIO “GINGER ELLIOTT” DIAZ

- STOP** Threatening residents, businesses and city employees
- STOP** Intimidating residents, businesses and city employees
- STOP** Harassing residents, businesses and city employees
- STOP** Disrespecting people of different ethnicities and religions

**Why does a member of the city council, your elected representative, remain silent as her husband makes racist and sexist comments? She should at least publicly state her disagreement. Ginger Elliott, name she used long before running for City Council, has made her own questionable comments about residents, national origin and ethnic background. Her husband claims she supports his comments.**
