

# Hermosa Beach Murals Project

---

## **Chuck Sheldon, President.**

Chuck is a long-time Hermosa Beach resident who served as a Councilman and Mayor of Hermosa Beach from 1987 to 1991. Chuck has served on the HB Planning Commission, HB Parking District, founded the HB Youth basketball league, and was HB Man of the Year in 1997. Chuck was an executive with IBM before starting Network Hardware Resale (NHR) in 1992. He later moved to Santa Barbara with his wife Missy, to grow his business with his two sons. He recently retired from NHR, which now boasts over 400 employees around the world.

Chuck now splits his time between Hermosa and Santa Barbara. Chuck founded the Murals Project in late 2009 after he and a group of friends happened to tour the Murals of Santa Paula and 29 Palms California. So taken with the potential for murals in Hermosa, Chuck gathered some close friends, formed The Hermosa Beach Murals Project (HBMP), a non-profit corporation, and began planning for Hermosa's first mural.
