## **Weekly Bulletin**

Dear Parents,

We had a lovely week digging and planting with the children. We will include photos in the newsletter and on the parent group.

Our next topic of the week will be Spring. We have lots of fun activities planned for the children and we will be learning all about the life-cycle of butterflies and frogs.

We would like to ask parents to ensure that children are provided with adequate amounts of food. We often have children running out of food and complaining about still being hungry. Our current schedule includes 2 snack times (morning and afternoon) and lunch time.

During the next week, you will be contacted by your child's keyworker for parent teacher meetings. We are still conducting these meetings via telephone and we would love to hear about your child's development during lockdown, especially for the children who did not attend nursery during lockdown.

We have had a few cases of headlice at nursery. Please check for headlice and treat children's hair accordingly.

Please could you provide your child with a named water bottle that can be left at nursery from next week? These bottles will be collected at the end of each day and will be cleaned and ready for children to use on a daily basis.

Our book of the week will be The Butterfly Dance by Suzanne Barton. The story is available on Youtube and a link will be shared on the parent group.

**If any members of your household display any symptoms of Covid-19, please DO NOT attend the setting. Instead, book a test online and follow government advice regarding self-isolation.**

**Symptoms include-**

**Fever**

**Loss of taste and smell**

**New and continuous cough**

**Please can all your children's belongings be named clearly, including lunchboxes and water bottles.**

Have a lovely weekend

The HoneyBee Daycare Team
