

# Pre-K Panda

5 years/ entering Kindergarten following year

We offer a kindergarten readiness program that focus on building confidence in your child and teaching the essential skills for kindergarten. We provide enough structure to prepare them for kindergarten with enough free play to work on social skills and building friendly relationships. When your child graduates from this class he or she will have learned: how to write their name, count to 30, letter recognition, all basic shapes and colors, read some site words, comprehend story element with

a background knowledge in science, math and social studies. You will certainly see their curiosity for learning explode this year!
