“I love our monthly book discussions, which are enriched by the very diverse perspectives of this group of amazing, intelligent, and accomplished women of all ages and interests. Equally enjoyable is the friendship that exists between us and the support we give each other. Our members live very interesting and active professional and social lives, which I enjoy hearing about at each meeting. I am most proud of our charitable endeavors and the impact we are having on the lives of young people in the Washington area. Not only do we contribute to improving literacy and supporting students’ college educations, but also we provide a vehicle for our friends and family to contribute to the worthy causes the Club supports through donations to the Foundation. How gratifying it is to know we are making a difference in this world.”
