

SILVERCRYST FARM

Presents a clinic with

Nancy Later Lavoie

Wednesday, July 20, 2016

Nancy Later Lavoie, a USDF Bronze, Silver and Gold medalist, has studied the art of dressage extensively in the U.S. and Germany. She brings the experience of world level competition and training to her daily training and teaching routine. Nancy believes that our goal is harmony with our horses and education is the key to long term success. Her philosophy is that dressage is a beautiful and fascinating art but without correct education it is frustrating and confusing. She

has dedicated her career to educating those who come to her to become thoughtful and successful riders.

Nancy is the Region 8 Jr. / Young Rider coordinator. She provides many educational opportunities for all riders in our area. She also enjoys helping horses that have had difficulty in their training. For more info: www.nancylaterdressagehorses.com
