

# OAK HILL GUN CLUB

To All Members of OHGC

Over the last few months the Officers and the directors of the Club have been looking over the insurance policies for the Club. ( Liability and Property )

What we found was that we did not have the insurances for the Club that we needed. And that we were very under insured.

After looking at three different companies we have decided to go with Philadelphia Insurance Companies. They seem to have the best coverage for the dollar. We will be paying more for this coverage but it will not be a significant increase in the amount that we were paying. The coverage will be far better than we had in the past.

As I said before we looked at three different companies, and they all were saying that we must have a "Waiver of Liability" signed by each and every shooter at the Club. This will include each member, spouse, guest and any minor that is going to shoot at the club. The signed form will be good for one year or shooting season for members. We will send a new Waiver along with the Membership Application at the time of renewal. If you come to a shooting event (ATA,USPSA,4-H,ETC.) you will be asked to sign again. This will just be done so the sign up for the shoot will go smoothly as ALL guest and members will need to sign the waiver.

Please sign the Waiver of Liability and return it to the club, in person or by mail. If you need more waivers for your spouse or a minor you can get them at the Club or by sending a request to the Club.
