

Woodwind Lakes

It's all right here

November 2018

Volume 7, Issue 11

5TH ANNUAL WOODWIND LAKES CHRISTMAS ON THE LAKE

Saturday, December 1st, 4:00 pm to 8:00 pm

(Rain Date - Sunday, December 2nd) @ Grounds of the Family Pool

Kick off the Holiday Season with your friends and neighbors at the fantastic neighborhood family event. There will be FUN, FOOD and of course a visit from SANTA. He will be available for pictures from 4:30 pm until about 7:00 pm. Make sure your kids bring their wish list and of course bring your camera. You do not want to miss this great photo opportunity with Santa.

Hamburgers, hotdogs, chips and beverages will be provided free thanks to the HOA. We are asking residents to provide desserts. If you can contribute a homemade treat, please contact Lynn Collins at lynn.collins@garygreene.com.

Many activities are planned for both the young and the young at heart with prizes for all.

- **Old fashioned cakewalk** with cookies and brownies provided by members of the WWL Women's Club.
- **Crafts and crayon table** for the younger kids.

- **Various games** including our version of CornHole for the older kids.
- **Ring Toss for Wine** is a fun "adult" game new this year's event. A \$5 donation will get you 6 rings to toss to ring a bottle of wine. Bring your money, donate to our event and "ring" in your holiday wine.
- **Silent Auction** will be awesome this year with items donated by residents as well as local vendors. We will take cash or check so buy a treasure and help fund this great event.
- **Luminaries on the Lake** will be the night of the event only. See the lake lit up with hundreds of candles.

Bring your family, come visit with neighbors and enjoy the festivities and decorations.

It's a Woodwind Lakes Tradition!!!

Cigarette & Drugstore Beetles

Cigarette and drugstore beetles are pests of stored products and can become a pest in the home. These beetles are small, around 1/8" long, reddish-brown with an oval shape. If you disturb the

beetles, they often will tuck in their legs and lay motionless.

Adults enjoy dark cracks and crevices, but will fly in brightly lit areas to locate a place to hide. The beetles are most active at dusk and continue activity through the night. Adults do not eat solid food, but will drink liquids. Larvae are small, grub-like and creamy white.

Cigarette and drugstore beetle larvae infest a variety of products such as tobacco, flour, dried fruit, herbs and spices, nuts, rice and pet food. These pests may also infest non-food items such as potpourri, dried flower arrangements, papier-mâché, prescription drugs, cosmetics and bookbinding paste.

The life cycle is dependent upon temperature and availability of resources- with warmer temperatures and adequate resources the life cycle will be faster. Mated females lay eggs in food sources. After hatching from the egg, larvae begin to feed on the food and grow. Eventually, larvae pupate and form a protective cocoon in the food item. Adults live from 1-4 weeks.

To manage these beetles, you must find the source, double bag it and throw it away. All stored food items should be inspected, even those that have not been previously opened. If you do not want to throw away infested food items it can either be heated or cooled to kill any insects and then sifted to remove any insects. To freeze, put the items in a sealed plastic bag and place in the freezer for about a week. To heat the items, spread on a large cookie sheet and place in a 200 oF oven for 1-2 hours.

To prevent infestations, inspect all food items before buying; do not buy damaged food products. Dried goods can be stored in sealed, air-tight containers. If leaving the home for extended periods store items in the freezer or refrigerator. While inspecting stored food items for infestation, clean the pantry as you go. Vacuum or sweep up any spilled food items. Wipe down shelving with a cleaning product and use caulk to seal any shelf areas where small bits of food may collect.

For more information or help with identification, contact Wizzie Brown, Texas AgriLife Extension Service Program Specialist at 512.854.9600. Check out my blog at www.urban-ipm.blogspot.com.

Let's Turbocharge Our Immune System

Cold and Flu Season is Around the Corner

USDA's top researcher of medicinal plants, James Duke, says GARLIC is the Number 1 healing plant on the earth. "It is powerfully effective at fighting COLDS and INFECTIONS, improving IMMUNE and CARDIOVASCULAR systems and helps prevent CANCER -related cell changes. Before cooking, let chopped garlic rest for 10 minutes to develop the beneficial compounds. Sweet-spicy ginger is the go-to medicine for curbing NAUSEA and tummy

problems, whether from MORNING SICKNESS, MOTION sickness or INDIGESTION. Like garlic, GINGER also fights disease and INFLAMMATION." We keep both garlic and ginger in our kitchen all the time because their bold flavors work perfectly together. We hope to have a cold and flu free season. Take good care. Donna Konopka.

Save the Date and Help Decorate

The Woodwind Lakes Christmas Committee will meet at the family pool **Saturday, November 17th at 9:00 am** to decorate for Christmas. Unless you moved here in 2018, I am sure you have enjoyed our beautiful decorations in past years. Believe it or not, we use at least 70 extension cords and over 300 strings of lights. It takes a lot of "manpower" hours to create this beautiful gift to the neighborhood. The committee would really appreciate all the help we can get! If you can give us any of your time, please show up at the pavilion and take part in this labor of love. Bring your kids and share with them the satisfaction of giving to your community.

If you have any questions, please contact:
