ABOUT US

The story of Brownwood Acres and FruitFast® is as much a part of the orchard land of Northwest Michigan as is the very fruit we use in our line of healthy fruit based products.

We have developed an internationally recognized product line based on the best super fruits.

We started in 1945 as a roadside market and became one of the fastest growing privately held companies in the US.

Our FruitFast Tart Cherry Juice Concentrate has become the #1 Best Selling Tart Cherry Concentrate brand in the United States.

In 2007, we acquired a 50% ownership interest in Underwood Orchards - CherryFlex. Products include our CherryFlex line, FruitFast Softgels, Fruit Liquids, and Gels.

By using whole fruit - including the pulp and skin - in a chemical-free process with low heat and no preservatives or fillers, Brownwood Acres-FruitFast has been able to capture the goodness of the entire fruit.

Preserving the healthful benefits of dark skinned whole fruits such as Tart Cherries, Wild Blueberries, Pomegranates, and Concord Grapes has led to the development of a growing family of fruit products. Our goal is to continue delivering
