

Membership Summary SELECT +

Medical Cost Sharing is an innovative non-insurance solution for managing large health care costs. Our Members share one another's medical burdens and shop for the best care at the best price. In doing so, we support one another's physical and financial health.

A new normal in health care is possible.

How it Works

- 1** Individual/Family joins the Sedera Medical Cost Sharing community through their employer
- 2** Member opens a Medical Cost Sharing bank account and begins to contribute monthly
- 3** When Member has an **eligible** medical Need, they pay their Initial Unshareable Amount (IUA) and submit the remaining bills to the Community
- 4** Community shares funds with Member for that **eligible** Need

Need: One or more medical expenses caused by a SINGLE accident or illness.

Initial Unshareable Amount (IUA): The amount a Member pays before a Need is eligible for sharing.

*Sharing eligibility is determined by the Sedera Membership Guidelines

What Makes Medical Cost Sharing Unique

Every Member is a Cash Pay Patient

How Needs Are Shared

Sedera is a non-profit Medical Cost Sharing Community. Thousands of Members throughout the United States voluntarily contribute monthly to one another's large or unexpected medical expenses. Members understand which Needs are eligible for sharing based on the Sedera Membership Guidelines.

The Sedera Medical Cost Sharing Process

Here is a look at how Medical Cost Sharing works when a Member has a Need.

Pre-Existing Conditions

Any pre-existing medical condition whether diagnosed or not, that has been active or needed treatment within 36 months prior to a Member's membership start date is subject to sharing limitations.

Pre-existing conditions will become eligible for sharing based on the Member's tenure with the Sedera Medical Cost Sharing Community, as indicated by the following graduated sharing schedule.

Time Constraints For Pre-Existing Conditions After Membership Effective Date	Sharing Eligibility
First 12 months	Not Shareable
Months 13-24	Shareable to \$25,000
Months 25-36	Shareable to \$50,000
Month 37 and after	Shareable

Additional Sharing Restrictions - Tobacco:

Due to the increased likelihood of higher medical costs associated with tobacco use, Sedera households with one or more tobacco users are required to contribute an additional \$75/month.

Unless tobacco users age 50 and older are confirmed tobacco-free for 12 months, they will have a sharing limit of \$25,000 for each of the following conditions: 1. Cancer, 2. Heart conditions, 3. COPD, 4. Stroke.

Below are a range of potential medical Needs from minor to major that illustrate the way a Sedera Member would manage their costs in conjunction with the larger Community.
