About us

St. John's Marina **South** (formerly known as Pier 44) was established by the Fogle family in 1986. The friendly staff continues to provide boaters from the Central Florida area and afar with great service and hassle-free boating.

As a full-service marina, St. John's Marina **South** offers boaters an in & out of water storage facility equipped to house up to 60 boats including on trailer, canal, and riverfront slips.

Fuel up at our gas and diesel dock before leaving for the day. St. John's Marina **South** offers riverfront wet slips equipped with electric and water. Undercover canal slips are also available. Be sure to check out all of our services and rates as well.

We invite you to stop in and see us any time. We're sure we can make your boating experience both pleasurable and convenient.
