

Little Paws

Kindergarten-6th Grade
Before and After School
Summer Camp

We provide before and after school care during the school year. The students are served breakfast in the mornings upon arrival and then get on the bus around 7:10am to go to school. The bus drops them off around 3:15pm after school. The bus number is #16. After school, we provide a healthy snack then students can participate in the homework assistance program or play in centers. We keep the environment fun, entertaining and relaxing to ensure the students physical and mental well being.

During the summer, we offer a summer camp program that is filled with enriching activities, field trips and visitors from our community. In addition, each day there will be a special activity planned varying from cooking, water play, book buddies, dance/Tae Kwon Do and a visit to the library.
