Ditchrider Position

Pioneer Irrigation District is currently looking for a full-time Ditchrider. This position will manage the irrigation delivery to approximately 3500 acres of mixed urban/rural lands. This position transitions into a maintenance position during the winter months.

Must have or obtain Class A CDL with Air endorsement within 1 year of employment

Must have the ability to lift/push/pull a minimum of 50 pounds

Company vehicle provided during the irrigation season

Includes full medical and dental, PERSI retirement, 401k available, paid Federal holidays, sick leave and paid vacation – Rotation of time off during the irrigation season available following competent operation of system

Salary based upon qualifications – Base wage \$19.00 per hour

Ditchrider must reside within 30 minutes of District office

Job Description:

Ditchriders must monitor, maintain and adjust gravity irrigation flows in canals, which includes daily inspections, seven days per week. Ditchrider communicates directly with District patrons for water delivery needs.

Post irrigation season includes ditch maintenance, which involves general construction, concrete work, steel work, pipe installation and operating various heavy equipment.

Resumes to be submitted to District Superintendent at kirk@pioneerirrigation.com or at District office at 3804 S Lake Ave, Caldwell, Idaho. A full job description can be viewed at www.pioneerirrigation.com
