

Fall 2018

# Hazel's Happenings

Being prepared for a disaster is an important part of what we do here at Hazel Findlay. We hope that we never have to put our plans into action, but it is essential that we be ready for the possibility. On October 10, 2018 our facility held a tornado drill. The weather is often unpredictable, especially in our state, so we held the time of this drill secret. All departments participated. Several law enforcement and other agencies were also on hand to evaluate our performance. While giving us positive feedback, they also gave areas where we could improve. We are incredibly proud of the response of all staff. Resident safety is our number one priority, and they proved that they would be able to respond if ever necessary. Many thanks to Mike Perez who helped organize our drill, and also to the representatives from the various agencies. If you have any questions about our disaster policy, please visit our website to view a copy, or give us a call.

Happy Fall!

Steven Hill, NHA, COO

**"Love is in the Air.  
But so is the Flu.  
Either way, wash your  
hands!"**

This is sound advice, and to it we add, "Get your flu shot! And stay away if you are sick with a fever, cough, headache, or body aches." As soon as our vaccine comes in, we will be immunizing our staff and residents against influenza. Last year we had fewer residents ill with influenza, so let's keep up the good work!
