What a bunch, What a joy, How many wouldn't have been??? Thanku !!!

Tiyanjane 20 mon

Judith 19 mon

Isaac 4 yrs in may

Matthew 18 mon

Annie 15 mon

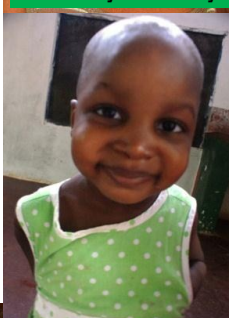

Gibson now 7 mon Parker now 2 yr

Wisted 4 yr 9 mon

Please pray for relatives to come up (jobs) to be able to look after their families and receive those who we have raised for these years past. If they cannot then our Village Project to be approved by Government. They need Malawian families to be nurtured in.

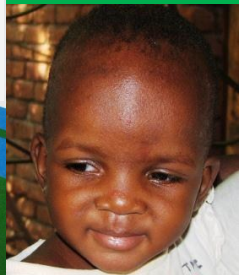

Joanna 3 yr 7 mon

The medical team cant make it this year, so pray , listen, obey and if in doubt COME !!! you are so welcome You have to get on it now for shots and ... We are still hopeful for friends from UK Open Door Church, so May, June, July we plan to be in western Canada with our children and some of our 15 grandchildren in August. Then down to Generational Hope at Maple valley, outside of Seattle (our home church family) the USA west coast and across to grandchildren and friends in the east.... On the road agaiinnn....

LIFE GOES ON AT TMC. We have to educate..educate..

Something interesting ??

Fiona, Sophi, Bronna, Mary Josphine

Pam n Margaret a good friend from Zim

A lawyer I am not !!!!
28 page Affidavit \O/

Maria n her new chair
what a change in a year !!!

Our court battle to have proper assessments of children's relatives and transitional plans in place, prior to child placement by Social Services has been put off again (Mar 12), the judge is unavailable. It seems this case will set precedent for future cases and dealings with orphans by Government authorities. Please pray for the Government officers and others that support us but can't speak out.

Gifts for Staff accomplishments !!

Aunti Mary dancing \O/

Staff day 15 seconds to grab clothes \O/

Speed n planning wins

Havin fun at Church

Below left is Pam n Epheson n payroll with 60% plus increase in wage (which we found out about March 4th and ...it is back dated to Jan 1, 2014... \O/) ...We have since after the devaluation 2012 given a good monthly bonus and subsidized maize program depending on family size, but wages kept at minimum so bonus could be used as work incentive. Moderately successful ... the increase sounds so good for the very lowest income earners As long as jobs are not terminated because of employers inability to pay... what a hit for the businesses who are already reeling due to the past issues of devaluation, forex, fuel hikes, pension schemes, (much of it good and unavoidable) Please pray for wisdom for Government, Business People and always ourselves as we journey this Malawian road. With elections around the corner there is much gift giving such as: ambulances for a district, maize distributions, bridges built, who knows the extent of it under the surface, hopefully there can be a desire for integrity and good ethics and good government (to promote education and job creation) above the desire for the immediate gifts as a guide to who to vote for.

Considering the difficulties/frustrations many of our former secondary students have had and our 9 (and so many after that) upcoming from our primary school, we are praying about building a secondary school in time for September. It will be immediately self supporting with outside paying students (without capital costs factored in) and generate funds for TMC as well. This is due to our reputation in education these years past. We have a great start on the library and as well most if not all laboratory equipment. More info to come.
