- **Rings are not available on the back rod.**

Introducing

Select Curved and Bent Traverse Rods

Select Wood now offers traverse rods for bay and corner windows that can function as one continuous traverse rod around the bends or curves.

- Available with 1 3/8" or 2 1/4" Smooth or Reeded Fascia.
- Resin Fascia is attached to the curved or bent rod and then a Select finish is applied.
- 1 3/8" Select Traverse Rods with Rings are also available to be curved or bent.
- Select Premium "Track Only" without fascia is available.
- Available in all Select Wood Finishes to coordinate with Select Finials. Finials purchased separately.
- Templates are required.
- Curving, Bending and Crating Fees apply.
