There were nine students in the class. All passed the test and are in the process of getting their NRA certification.

Thanks to Simon Carraway for printing our RSO member cards.

### **RIFLE RANGE EXPANSION:**

Expanding the range to include two to three 200 yard lanes from the current 100 yard area was brought up for discussion. Dennis is working with the landowners to see if this is possible.

The board will discuss additional compensation to the landowner at the next board meeting.

Also, a detailed project plan and cost for the project will be prepared for review.

### **TREASURER'S REPORT:**

We're solvent with income available for end of the year payments for lease and insurance policies.

A committee was formed to write a grant request to the NRA. Dennis Wade, David Evans, Pete Bowman and Ron Lockner are the committee members. The grant request is due by November.

### **KEYS:**

The locks will be changed February 28th, 2018. If you are an RSO in good standing and haven't picked up your key yet please make arrangements to do so.

### **TRAILER LIGHTS:**

Nick suggested repairing the trailer lights and changing them to LED lights. The topic was tabled until the next meeting to determine if new bulb replacement would suffice.

### **SKET RANGE TRAINING**

Ron Lockner will be offering training on the skeet range. The date is to be determined, watch for it on the web site and range calendar.
