Quotes:

“[Liam] is easily one of the most intelligent and thoughtful students I’ve ever had the pleasure of educating. ... He has a perspective of the world that is much more mature than one would expect of such a young man, and he couples it with a passion and determination to do something with his gifts.” **Christopher Crumbaugh** - Teacher/Mentor

“Thank you sincerely for awarding me the scholarship so that I can attend the University of Richmond in the Fall. Any amount of help is greatly appreciated towards furthering my education and appeasing some of the worry concerning debts. Beyond that, it is recognition of the hard work that I underwent, which serves to dissuade any lack of confidence I had.”
