Pick a Theme (if you organize the event)

What would you like to create? Choose your favorite animal, pet, sea creature, landscape, flower, cartoon character, or any other subject... maybe even a self portrait! For fun creativity, try "Create-Your-Own-Fish" or "Design-a-Tribal Mask." We are happy to design a project based on your request, such as to meet requirements for a scout badge or to match any birthday party theme. Students will receive step-by-step instruction. All students will do the same project but may customize details and colors.
