

BI-FOLD | PATIO DOORS

AG Millworks
SINCE 1986

A QUALITY OF POINT OF VIEW

Beautiful Bi-folds

Your home is an expression of your personal style. The doors you pass through in your everyday life should be part of that expression. If indoor/outdoor living is your desire, AG Millworks will help you achieve a quality point of view. Express yourself architecturally with countless configurations of door systems that fold to expand your living space and your lifestyle. Fine craftsmanship combined with advanced technology ensures a perfect fit and finish when your project is complete. AG Millworks' bi-folds dramatically expand your living space, opening entire walls to the outdoors as they fold completely out of the way. Bi-folds are a series of patio door panels hung from the head jamb

and hinged together to slide accordion-style and stack against one edge of the opening or the other.

1 | Bi-fold door systems with an odd number of doors feature a convenient “daily door” that swings open easily without folding all of the doors out of the way.

2 | Bi-fold windows open fully for easy outdoor entertaining.

3 | Zero –corner bi-fold units provide a wide open panoramic view with no supporting post at the corner.

4 | Retractable screens keep bugs out and let cool breezes in, increasing energy efficiency and air circulation - fully installed on the frame at the AG Millworks factory saving you installation time and money.

2

Wood Species

Our doors are available in 18 different wood species including:

- Walnut • Cherry • Clear Cedar • Knotty Cedar • Clear Alder
- Knotty Alder • Genuine Mahogany • Sipo Mahogany
- African Mahogany • Paint or stain-grade Douglas Fir or Pine
- North American White Oak • North American Red Oak
- Quarter Sawn White Oak • Rift Sawn White Oak

Clad Colors

When exposure to sun and rain is an issue, opt for Aluminum Clad/Wood Patio Doors. We combine a sleek, tough, low maintenance exterior of 1/16" thick extruded aluminum with a rich, warm all wood interior to give you the best of both worlds.

- 1 | Our standard colors
- 2 | Hundreds of custom colors available. Upcharge applies. Actual colors may vary.

3

Handle Sets

Stunning doors deserve stunning hardware. We offer an array of styles and finishes, from traditional to modern, tasteful and refined to complement any decor. Well designed for ease of use with durable craftsmanship for long lasting quality. 1 | Verona Handle Set 2 | Nouvel

Many other options and finishes available.

True & Simulated Divided Lite

We offer both TDL and SDL to add architectural detail to your design. SDL available in 1 1/8" or 7/8" sizes.

4
