**Re: ACHD Membership Renewal Invoice**

Dear Mr. Virgen,

Thank you for being a loyal Member of the Association of California Healthcare Districts (ACHD). Your support has been essential to the success of ACHD services and advocacy efforts. Enclosed you will find your Membership renewal invoice and a brochure detailing the numerous benefits of Membership with ACHD. The Association remains committed to providing quality education and advocacy while also being strong fiscal stewards for our Members.

Please note that this year, the ACHD Board of Directors approved a five (5) percent increase in dues. Over the past few years, ACHD has reduced its operating expenses by nearly thirty (30) percent; and has reduced Membership dues in the aggregate by nearly twenty-six (26) percent. These steps were taken to allow for upgrades to the quality of services and support we provide, as well as assuring we provide the highest level of value to our Members.

ACHD was grateful this year to hear back from Districts through our first annual Membership Survey. Through this feedback we were able to target our future education to more accurately fill Member needs and will be launching a new Member Portal on our website to allow Members to easily access valuable tools and resources. In addition, ACHD remains devoted to representing our Members in front of the Legislature, Governor, and State Agencies; training and educating our Members; and enhancing public awareness about the role of Healthcare Districts. We firmly believe that "Membership Drives Change" and that our collaboration and strength enable Healthcare Districts to continue to deliver the best possible health and well-being services to their communities.

Again, thank you for your Membership in the Association of California Healthcare Districts. Your continued involvement is important and very much appreciated. To avoid a lapse in your Membership, please submit your renewal payment no later than July 31, 2019.

Sincerely,

Kenneth B. Cohen  
Chief Executive Officer, ACHD

CC: Gloria Romo, Board Chair, District
