

IMPORTANT – SAVE-THE-DATE

Educate - Engage - Enforce.

Distracted driving is a growing danger on Arizona's and our Nation's roadway.

The Arizona Distracted Driving Summit brings together citizens, law enforcement agencies, legislators & elected officials, as well as numerous other state and national organizations to focus on how we can reduce and eliminate the growing crisis of distracted driving in our communities and on our roadways.

This Annual event focuses on how we can tackle distracted driving through education, engagement, and enforcement. Panel discussions will include corporate policies, driver education, incident research, state and municipal ordinances. The continuing theme of the Summit as in previous year will focus on three major areas: Education, Enforcement, & Engagement.

Free "box lunches" for the first 500 attendees served at 11:00 and a light continental style breakfast for event sponsors and early arrivals starting at 8:00am (while supplies last).
