

Preferred Community Choice Professional Fee Schedule

Revised December 2014

Revised December 2017

Based on 2017 Oklahoma Medicare fee schedule.

- CPT-4 Codes 70010 through 79999 shall be reimbursed at 180% of Medicare.
- All other CPT codes shall be reimbursed at 145% of Medicare.
- CPT-4 codes without an established Medicare rate shall be reimbursed at 90% of billed charges.
- The following range of codes shall be reimbursed at 95% of AWP (updated

quarterly): Immune Globulins 90281-90399

Vaccines, Toxoids 90476-90749

- HCPCS Code rates for drug items shall be valued at 100% of the Medicare rate or 110% of AWP for codes not priced by Medicare. These codes will be updated on a quarterly basis.
- Excluding HCPCS for drug items, rates for all other HCPCS Codes will be based on 90% of normal billed charges.
- New CPT-E Codes introduced subsequent to the effective rate of this fee schedule shall be reimbursed at the current Medicare rate identified herein.
- Anesthesia Codes – Relative values and anesthesia guidelines as published by the American Society of Anesthesiologists (“ASA”) will be used to bill and determine the base and time valuation for all covered anesthesia services, including chronic pain management.
- CPT-4 Codes- Covered anesthesia services that are typically billed using CPT-4 codes will be processed using the base values published in the ASA guidelines.
- Time Valuation: Four (4) anesthesia units per hour.
- Reimburse Rate - \$48.40 / unit

- Obstetric Cases – Labor epidurals will be reimbursed at the lesser of billed charges or the following flat rate, regardless of duration.

Normal Vaginal Deliveries: 01967 \$506.00

Epidural fees for vaginal deliveries: \$460.00
