Public Comment
John Blackburn (103 W Ripplewater) invited the community and town council to Morning Coffee from 8-10 am with a presentation of the Bird Town Dedication this Monday. Ed Kleese thanked the community and all the participating committees and groups for their contributions toward the projects for the town.

Ed Kleese asked how a person could help those in need with their garbage bills mentioned in the recent Sand Tracks issue. Councilor Malik and President Norkus explained the fund was created by CT Hundt. Donations are anonymous and no disclosure is made those people needing assistance. Those interested in participating and contribute were asked and encouraged to contact CT Hundt.

Paula Tillman (713 E. Rogers) questioned if there is any control by the town when a train blocks the railroad crossing at Lake Shore County Road- Marshal will follow up.

Tammy Watkins, Pine Township Trustee updated on the success of the recent food pantry. The Township Trustee also advised her office does offer assistance with food, rent and utilities to community members in need. The next food pantry will be in September at the Pines Township Firehouse on Highway 520.

Donna Excell-Steffel (37 S. Oval) provided additional ways to assist those in need with their NIPSCO utility bills can be done by donating specifically to that household anonymously.

Public Comment

Adam Peterson (19 S. Greatwater), working for Dunes National Park Association (DNPA) spoke about the approximately 200,000 people that cross Highway 12 on Broadway each year and how dangerous it is. He reported INDOT is agreeable to put in a crosswalk, but it can only be done if there are sidewalks on Broadway and on both sides of the highway. The Town would be responsible for putting in the sidewalks. Additionally, the DNPA is exploring the possibility of reducing the weight limit for trucks on Highway 12 between ArcelorMittal and Mt. Baldy.

Deborah Allen (831 E. Lake Front) asked if cameras were available for monitoring garbage bins. Marshal Resteau stated that there are already cameras there but there are so many people. There was discussion about the cause and timing of garbage issues. CT Hundt reported and thanked the person that came and cleaned up the area in response to the Marshal's email.

Tom Weber (807 E. Vera) asked whether he would be able to speak in response to discussion on upcoming item on agenda; Palmer Ave ROW. President Norkus responded that he would have the opportunity.

Beth Gassoway (517 E. Lake Front) stated the garbage was in issue when the dumpster was on the end of Service Ave. She reported the DWC has hired a landscaping company to help restore the garden on Service Ave.

Town Council President:

Attest:

Clerk-Treasurer Ellen Hundt
The meeting was called to order at 6:02 p.m.

Roll Call - Council Members: Donna Norkus, President, Councilors Geof Benson, Matrona Malik, and Brian O'Neil were present. Also, present: Clerk-Treasurer Ellen Hundt and Deputy Marshal Ed Clapp. Greg Brown, Vice President and Town Attorney Connor Nolan were absent.

Present Norkus explained how different agencies have been working together to come up with a plan. Norkus stated that the Town cannot rely on outside assistance and that the Town is treating this as an emergency situation. Councilor Benson reported on the areas of concern and gave update on the plan of action starting Monday, December 23, 2019. There will no work on Tuesday or Wednesday. Work will resume on Thursday, December 26, 2019. The road will be closed except to allow residents access to their homes. At this time we are proceeding assuming there will be no outside financial assistance. The National Park Service has indicated that it anticipates no ACOE or other permitting will be required.

Public Comment

Adam Peterson (19 S. Greatwater) asked about possible reimbursement from the State of Indiana and whether this short-term fix take away resources to participate in a longer-term solution? Councilor Benson stated that there was a study done in 2014 and they still never did anything to fix the problem and that the Town needs to act now. President Norkus stated neither the federal nor state governments deem a potential road collapse as qualifying for emergency financial assistance.

Howard Marvel (21 S. Lake Shore County Rd.) inquired about the dimensions of the Hutchinson issue versus the one at Lake Shore County Rd.

Councilor Benson stated the revetment at Lake Shore County Rd. is still intact unlike at Hutchinson.

Brad Steinberg (713 E. Rogers) asked if there had ever been an agreement with the Army Corp of Engineers when they originally put in the revetment and does the fact that residents may not have access to their homes constitute an emergency?

President Norkus stated that the Town is treating this as an emergency. But the state and federal governments do not. Councilor Benson stated that the Army Corp of Engineers does not take responsibility for the results of the revetment.

Tom Weber (807 E. Vera) asked if materials were going to be stored on Brown property at 12 and Lake Shore County Rd and whether the original quote of $760,000 included Hutchinson and Lake View. Councilor Benson answered yes to both questions.
Adam Peterson (19 S. Greatwater) asked if the current condition allowed the homes on Lake Front to be included in flood coverage. Councilor Benson answered no, FEMA says they do not qualify.

Councilor O'Neil asked if the National Park Service would be reimbursing us for saving their beach. President Norkus answered that no and that the Town was saving our roads and Lake View breach is closer to our road than breach at Hutchinson.

Howard Marvel (21 S. Lake Shore County Rd.) asked about location of emergency access road on Hutchinson. Councilor Benson stated it would exit Lake Shore County Rd., across from Howard's house.

Adam Peterson (19 S. Greatwater) asked if this was an approved capital project? President Norkus stated that it was.

President Norkus stated the following:
On December 17, 2019, the Beverly Shores Town Council passed Resolution 2019-09 declaring a Local Disaster Emergency due to the imminent danger being created by a natural disaster along Lake Front Drive. Due to this emergency, the Town Council did not have time to advertise for bids. Therefore, pursuant to the limited authority of Indiana Code 36-1-12-9, the Council invited bids or quotes from at least 2 persons known to deal in the public work required to be done. The persons invited to bid or quote the work were:

1. JCI Bridge Group of La Porte, Indiana.
2. D&M Excavating, Inc., of Michigan City, Indiana
3. US Aggregates of Francesville, Indiana
4. City Sand of Michigan City
5. Trap Bag of Fort Myers, Florida

President Norkus motioned that the Town award the contracts for emergency public work as follows:

1. D&M Excavating, Inc. of Michigan City, for equipment, labor, and geotextile at the hourly rates and unit prices contained on their bid, and a total price not to exceed $140,000.

2. US Aggregates of Francesville, for armor stone, revetment, and limestone at the unit prices and hourly rates contained in their bid, and a total price not to exceed $170,000.

3. City Sand of Michigan City, for sand and equipment, labor at the unit prices and hourly rates contained in their bid and a total price not to exceed $20,000, plus a share of equipment and labor costs previously included in the D & M Excavating figure so that the total for the equipment and labor cost do not exceed $145,000.
4. Trap Bag of Fort Myers, Florida for specialized sandbag system at the unit prices and hourly rates contained in their bid and a total price not to exceed $25,000.

And that we find each of those contractors is the lowest responsive and responsible bidder or quoter, that a declaration of emergency is in effect, and that the Town Council has authority to award these contracts without advertising under Indiana Code 36-1-12-9.

Councilor Benson seconded.

Councilor O'Neil asked if these were high estimates. President Norkus answered yes.

Unanimously approved.

President Norkus thanked Attorney Nolan and the law firm of Harris Welsh & Lukmann for their assistance in obtaining the GO Bond because without it the Town would not be in a position to help itself.

Adjourn:
Motion to Adjourn by Councilor O'Neil Seconded by Councilor Malik Approved by unanimous vote.
Time: 7:02 p.m.

Town Council President:

Attest: Ellen Hundt

by unanimous vote.
Clerk-Treasurer Ellen Hundt
The meeting was called to order at 3:05 p.m.

Roll Call - Council Members: Donna Norkus, President, Greg Brown, Vice President, Councilor Matrona Malik were present. Also, present: Clerk-Treasurer Ellen Hundt. Marshal Resteau, Councilors Benson and O'Neil, and Town Attorney Connor Nolan were absent.

Present Norkus stated that this meeting has been called to deal with an emergency involving actual or threatened injury to person or property, or actual or threatened disruption of the governmental activity under the jurisdiction of the public agency by any event. The news media which have request notice of meetings under IC 5-14-1.5-5(b)(2) have been given the same notice given to the members of the governing body, and the public was notified by posting a copy of the notice according to IC5-14-1.5

The emergency is the beach damage and erosion that is threatening Lake Front Drive, and persons or property, including but not limited to individuals, the travelling public, utility services, and private property.

On December 17, 2019, the Beverly Shores Town Council passed Resolution 2019-09 declaring a Local Disaster Emergency due to the imminent danger being created by a natural disaster along Lake Front Drive. Due to this emergency, the Town Council did not have time to advertise for bids. Therefore, pursuant to the limited authority of Indiana Code 36-1-12-9, the Council invited bids or quotes from at least 2 persons known to deal in the public work required to be done. Quotes were received for sand, and a contract was awarded to City Sands, LLC, with a total price not to exceed Twenty Thousand Dollars $20,000, at a unit price of $3 per cubic yard.

The Town has received enough cubic yards of sand to meet this threshold and more sand is still needed. The estimate for additional sand is another 1,200 cubic yards.

President Norkus motioned that Town Council approve a change order with City Sands, LLC, in an additional dollar amount not to exceed $5,440.00 for up to 1,814 more cubic yards of sand. Norkus also stated that a declaration of emergency is still in effect. Councilor Malik seconded. Councilor Malik asked if the additional sand included sand to be used at Lake View. President Norkus answered yes. Unanimously approved.

Public Comment
John Thornburg (9 W. Stillwater) asked what the project status was as of today. President Norkus gave update; additional sand is needed at both locations, rip rap is still being put in, and the larger rocks have yet to be delivered. It is almost up to the level they wanted. Thornburg further inquired as to whether this was being viewed as a temporary fix. Norkus answered yes.

Mary Marvel (21 S. Lake Shore County Rd.) asked when the project would be completed. Norkus answered they hope by Thursday or Friday.
Susan Loeb (515 E. Myrtle) asked about whether we knew the cost yet. Norkus answered that we haven't gotten all the costs yet.

Bill Foy (424 E. Myrtle) asked if there has been any contact with other local agencies. Norkus stated that Porter County has declared this an emergency but that State and Federal agencies do not consider this to be an emergency.
