

Fronted by two of the Lehigh Valley's most dynamic female vocalists, the Smith Compound Band covers a wide range of artists and genres, with a focus on tunes everyone loves but very few bands play. SCB's diverse, danceable setlists and energetic stage persona routinely have audiences dancing, clapping, singing along and cheering for more. The band has opened for high-level national acts such as Blue Oyster Cult and has played public and private functions for thousands at such venues as Musikfest, Molten Lounge (Wind Creek Casino), Tollman Joe's in Wildwood NJ, Blue Mountain Ski Resort, and many more.
