NAVIGATING MDS 3.0: RAI TRAINING FOR NURSING FACILITY STAFF

MDS 3.0 is a critical nursing facility assessment tool that can directly impact resident quality of care, survey outcomes, your publicly posted quality measures and your reimbursement. Make sure your staff know how to complete the MDS 3.0 accurately the first time!

This two-day course is the most comprehensive MDS 3.0 training offered in Montana, and the only class that presents the provider's perspective on this key assessment tool.

In this training, participants will review:

- All sections of the MDS 3.0 and rules pertaining to each
- The PPS Schedule
- How the MDS is used in the survey process
- Utilizing Casper Quality Measures Reports for Improving Care

This class is designed for staff who seek a thorough review of the MDS 3.0, whether they are veteran staff or newcomers.

WHO SHOULD ATTEND

Any staff member responsible for completing any part of the MDS. *Note:* Attention will be given to all participants of the care planning team, including Dietary, Activities, Social Services and Nursing.

PARTICIPANTS WILL RECEIVE

- List of procedures for completing MDS and CATs
- Guidelines for documenting CAAs
- Examples of completed CAAs
- Regulations pertaining to the MDS
- Handouts related to Quality Measures

IMPORTANT:

EACH PARTICIPANT MUST BRING A CURRENT MDS 3.0 MANUAL

A current MDS 3.0 RAI User's Manual is required for class participation. The manual may be downloaded from the CMS website:
<https://downloads.cms.gov/files/1-MDS-30-RAI-Manual-v1-16-October-1-2018.pdf>

INSTRUCTOR

Demetria (Demi) Haffenreffer, RN, MBA, has made long term care her lifelong profession beginning as Director of Nursing and for the last thirty-five years as a consultant for both skilled and community-based facilities. Haffenreffer & Associates, Inc. supports the delivery of person-centered, compassionate care by providing educational and hands-on assistance with the

implementation of quality systems and corporate compliance programs for facilities across the nation. In 2011, Demi assisted the Colorado Foundation for Medical Care with a CMS grant to publish the Model Program for Quality Performance called "QAPI." Demi's thorough knowledge of the regulations combined with her extensive experience provide for practical, everyday solutions to the challenges facing the caregiver and facility. Her depth of knowledge, breadth of experience and her communication skills make her a much requested speaker for health care associations' conferences and special course offerings for their members. She has authored five policy and procedure manuals and developed hundreds of workshops for long term care.
