

CANADIAN INSTITUTE OF MINING, METALLURGY AND PETROLEUM

South Central BC Branch

Maintenance, Engineering and Reliability Society

Invitation from CIM South Central BC Branch and MER Society

CIM South Central BC branch and Maintenance, Engineering and Reliability Society, a technical society of CIM, are collaborating for the Annual General Meeting of the CIM South Central B.C. Branch to be held in Kamloops at the Hotel FIVE54oFORTY from Wednesday, September 12th to Thursday, September 14th 2017.

MER invites its members to submit papers for consideration in to the technical program. The theme this year is “**A New State of Mine**” and the technical session will take place on Wednesday, September 13th at the Hotel FIVE54oFORTY commencing at 8:45 a.m.

The presentations can be on any mining-related topic, and final selections will represent a balance of relevant topics including safety, exploration, operations, maintenance, engineering, environment, community/social, and First Nations issues. Presentations should be submitted electronically in a PowerPoint or equivalent format and should be covered in less than 20 minutes with a further 5 minutes allocated for questions.

If you are interested in submitting abstracts of 500 words or less please contact Rahul Lakhote and Agus Sasmito via email below. The deadline for MER Papers is **15 July 2017**.

- Rahul Lakhote | Chair, MER | CRB-Colas Canada | Rahul.Lakhote@crbi.ca
- Agus Sasmito | Director, MER | McGill University | Agus.Sasmito@mcgill.ca
