

Talking with Animals returns!

*** Sunday, January 19, 2025 ***

1:00 - 3:00 PM

We are surrounded by animal teachers who have been patiently waiting for humans to recognize how simple it is to communicate with one another.

Join Animal Communicator Melinda Gillette and our animal guides and teachers as we explore ways to relax and allow connection and conversation.

Following an introduction and meditation, we will be connecting with one another's animals from photos, so please bring photos of both an animal currently living in your household and one who is now in spirit.

(Difficult as it may be to choose photos, please bring only one or two of each animal.)

- \$40 -
