

Need your help...

Retta Slavik Chandler, President of The Texas Czech Heritage Center is working with the Genealogy Department at The Czech Center in La Grange. They are wishing to scan past original family pictures that were printed in the centennial Book and others of events & families since before the 70's to the Marak Sts. Cyril & Methodius Parish community's beginnings in 1904. Retta & the Czech Center plans to reproduce a History Book on Marak for The Archives of The Texas Czech Heritage Center. .

Original pictures are clearer to scan than copies. It would be appreciated if you could share some original family pictures, events, etc. Please put original pictures in an envelope with your name, address & phone number. The Originals will be returned to you. These photos could be helpful with people researching their genealogy.
