Darrell,

I wanted to write to say thank you to you and your staff for a challenging job well done here at my residence in Fullerton. The work was done professionally despite restricted work space for materials and tractors.

The Anchor retaining wall system that you installed rendered over 3500 square feet of level usable yard space, enough for a large grassy back yard, 8 foot corridor on the south side of the house, and enough room left over for a 26 foot square shop .

Your crew went above and beyond to make sure the wall was constructed and soil compacted to specification, and were more than cooperative to redo sections to satisfy the soils engineer. I appreciate your effort on this project and would be comfortable recommending your company to others.

Regards,

A handwritten signature in blue ink, appearing to read "Eric and Irene Luebben", with a large, stylized flourish extending to the left.
