## CAMPAIGN PRECINCT—Waskah Whelan

A big thank you to our Navajo Canyon RWF members that attended or hosted our club's volunteer days at member's homes for Reform California. We stuffed 3,000 plus envelopes with information about the Upcoming effort to pass a gas tax for every driver in California. These letters were mailed out to Republican, Independent and even certain Democrat voters, across California to raise awareness of the Democrat's efforts to push through a gas tax at the local level using bureaucrats instead of elected officials who might cave under public pressure. We want every driver everywhere to be aware of this new tax coming their way. Forewarned is Forearmed!

A new letter is being sent out to ask for our help in getting signatures to place **Voter ID on the ballot**. To make this a reality over 1 million signatures need to be collected.

To place the **CA Election Integrity with Voter ID Initiative** on the ballot we **MUST** recruit at least 20,000 volunteers *statewide* with each committing to collect a certain amount of signatures each.

Once enough volunteers have signed up to collect signatures and we have raised sufficient funding for the filing, we will file the initiative and trigger the 180-day window for signature collection. You will each receive notice when that happens and will be mailed packets of petitions to collect the signatures.

### How You Can Help:

Please volunteer to collect signatures here: [VoterIDPetition.org](http://VoterIDPetition.org)

Please donate for this project here: [ReformCalifornia.org](http://ReformCalifornia.org)

**YES, I'LL COMMIT TO COLLECT SIGNATURES FOR ELECTION INTEGRITY!**

**How many signatures will you personally commit to collect?**

\*

10      25   100      250      More than 250

WE need volunteers to sign up their dining room tables again for this latest Mail-O-Rama project. I've been to many of these events and I've always had a good time. I will pick up the supplies at the SD GOP and bring them to your event. Please let me know if you can help. I need to know dates and your location.

Remember...

All Politics is Personal. The only thing you can absolutely control is your own vote.

**However, your sphere of influence can control many votes.**

You are the diplomats and persuaders of our party. If you take the time to know the issues, you can be a powerful force for influencing others. Whenever we talk to someone who is calmly sure of themselves and has the facts, we tend to listen.

These months before the 2024 election season are a good time to initiate conversations that promote Republican positions and principles *and to raise awareness of the bad, hurtful and unnecessary legislation and policies coming our way from the Democrat politicians and their organizations.*

Tell people why the information you're giving them is important and let them know how it will impact their lives. Inform them of ways they can help volunteer to change things. Make it personal; make it real.

Republican women are one of the best weapons the GOP has to bring voters to our side.

**After all, talking is our strong suit! Right?** Let's put it to good use and influence as many voters as possible starting today!

## MAY SPEAKER — Tom Del Becarro

We're excited to invite all of you to our evening meeting at Steele Canyon Golf Resort on May 11th. Our keynote speaker for the evening will be Tom Del Beccaro, a favorite of Navajo Canyon Republican Women.

For those of you who don't know Tom, he was a 2016 Republican candidate who sought election to the U.S. Senate from California hoping to fill Barbara Boxer's seat.

He is an author of "The Divided Era: How We Got Here and the Keys to America's Reconciliation", former chairman of the California Republican Party and a frequent guest on KUSI and Fox.

Joining him will be Joel Anderson who currently serves on the San Diego County Board of Supervisors. Joel was formerly a California State Senator. I'm sure he'll be filling us in on what's happening within the Board of Supervisors and Nathan Fletcher's departure.

## WAYS AND MEANS — Sandy Golden and Liz Hyma

Hello ladies!

Our annual Fashion Show and Fund Raiser are coming soon! Here is your friendly reminder to fill your Red Bag for the RWCNC Fashion show with \$50 worth of giftable goods or gift cards.

## CHAPLAIN—Ginny Wisley

*"So, if the Son makes you free, you will be free indeed."  
John 8:36*

The last few weeks I've heard a couple of phrases a lot & I'm not sure why. One is "Would've, Could've, Should've." The other is "It's on my bucket list." Both seem so, well, empty: no teeth in the action. Living with regrets, perhaps? Yes, the economy is bad, but still.

We have a theory about this. Imagine your "bucket". Cut up your list & put all items in it. Is it overflowing? Are the items falling out? You've gotten older, maybe health has failed. What did you accomplish? One, two, none. How do you feel about that bucket? *Should've* had a bigger one? *Could've* had a littler one? *Would've* putting less in the bucket to start with solved the problem? Doubt it.

Should've not had a bucket, could've done those things, would've had the memory been better ideas? Don't live in the past--- NEWS FLASH!!! IT'S OVER. Starting now: live for now, live with no regrets. Like God wants you to, free, open, for now, for honoring yourself.
