| 1 | The students do not feel safe, there are kids that often come into my classroom at lunch to avoid getting found by other kids. The kids that walk home are often afraid of getting jumped and beat up. | |
| 2 | Admin and the district could be doing more to make Curran a safer school. Staff was told in August that we have the highest number of referrals and suspensions. The number of student fights should be taken far more seriously by the district - little is done in the way of preventing/deterring. | |
| 3 | Simple corrections, by staff, are met with students' highly aggressive and argumentative behaviors. | |
| 4 | We have students that run the school. I have seen a sub send out some students for yelling in the subs face. That sub was let go and nothing happened to the students. | |

| 1 | This is a black box for me, I do not know what the administration does with the kids for discipline. | |
| 2 | Students often receive little to no disciplinary actions even when students are physically aggressive toward staff. | |

| 1 | Again, I have written referrals and checked back several days later to find that no administrative action has been taken. Colleagues have expressed that they do not take the time to write referrals because they do not see action taken. | |

| 1 | Yes I believe overall the outlook here is positive. |
| 2 | NO |
| 3 | Things have improved somewhat since the beginning of the year when student fights were rampant. I still feel strongly that our campus is in need of an opportunity class. Teachers should be included in Tier I/II meetings in order to give our input on our students with the highest needs. Currently teachers have ZERO input. Curran has so many fabulous students and teachers. However, we definitely have challenges that other middle schools in the district do not have and carrying on as though we do not have these challenges is a huge mistake. |

Q30 I would recommend my site to other employees and prospective teachers.
