

THE DAY JERUSALEM BECAME ISRAEL'S CAPITAL

The purpose of this illustration is to provide a historical backdrop and depict the celestial array of the bodies where the Sun was precisely when the U.S. Federal Government, under the directive of President Trump allowed for the *Jerusalem Embassy Congressional Bill 1322* to initiate the full funding of the transfer of the U.S. Embassy from Tel Aviv to Jerusalem. One of the sub-titles of the study is 'The Day Jerusalem became Israel's Capital'. However Jerusalem has been Israel's capital for at least 3000 years. The current media interpretation of this prophetic milestone is a bit misleading. In one aspect, the U.S. President Trump is not 'officially declaring Jerusalem as Israel's capital, it already is at least by Israel. What President Trump is only doing is affirming and officially recognizing that Jerusalem is the capital of Israel as every nation has the sovereignty to designate what city is to be their administrative capital. As a short background to the U.S. Congressional Bill 1322, it was officially named, The *Jerusalem Embassy Act of 1995*. It was introduced by Senator Bob Dole. The then President Clinton did not elect to sign it. One supposed reason was that it would not have been politically expedient during a major push to implement the *Oslo Accords* that had just been signed a few years prior. Clinton did not want to upset the Muslims and give them any excuse to sabotage the Accords, etc.

This *Golden Gate* that Jerusalem is even famed for and another prophetic inference perhaps as that leads to the connotation of the *House of YHVH* that was a 'Gate' to Heaven by way of the Temple *Veil* between the *Holies*. The *Eastern Gate* is mirrored on Earth, as it is in the Heavens. It is near the famous 'Horse Nebula' which is really the 'Eye' of the *Milky Way* when seen as a cross-section.

Ophiuchus The Cosmic Struggle

To mark this historical day as to what the 'heavens declared' celestially, there does appear to be some unique correspondences in terms of time intervals and the positions the planets had between each other that may suggest prophetic nuances. Foremost, on December 6, 2017, the Sun was dead-center in the constellation of *Ophiuchus*. This has many esoteric and Biblical references as it portrays foremost the 'Cosmic Struggle' between Jesus, the Messiah and Lucifer who seeks to usurp the Crown, *Borealis*. This 'Cosmic Struggle' mirrors the Earthly struggle for dominion of Jerusalem. Why all the rage, especially from the Muslims? It is because Jerusalem is where the seat of the Crown of the *Throne of David* that YHVH established it to be eternally perpetual no less.

Since the Clinton Administration days, no U.S. President has but have rather signed a 'waiver' to do so. This allowed for a loop hole to postpone the transfer of the U.S. Embassy to Jerusalem, which Israel officially declared as its sovereign capital although it is not recognized by most nations on Earth.

There are basically 2 sets of planetary alignments that occurred, perhaps as a 'Double Witness'. There was the *Mars-Jupiter-Venus* correlation and then there it was the *Venus-Sun-Saturn-Mercury* alignment. What was unique in both cases is that they were in approximate *phi ratio* of distance amongst each other. This goes to show how that even the movements of the heavenly bodies are orchestrated in precise mathematical variables and pertinent to their speed. The following are some unique day counts concerning the December 6, 2017 *Jerusalem Embassy Act of 1995*.

The Sun will pass the 'Golden Gate' on the *Winter Solstice* in tandem with *Mars* finally leaving *Virgo*. Saturn will enter the Gate on Christmas Day. It is also where the planet *Saturn* has been retrograding all this time since the *Revelation 12 Sign* commenced. The celestial depiction of the planets on the *Ecliptic* is really a residual of the *Revelation 12 Great Sign*. In what way? Out of all the planetary formation during the September 23, 2017 *Virgo Sign*, *Mars* the last planet that is still in *Virgo* at the time of the ratification of the *U.S. Congressional Bill 1322*.
