In 1985, cuts in the County budget resulted in the closure of several library branches. Our situation changed in 1996 when Mokelumne Hill resident Theresa Moore, aged 99, passed away and left monies to bring a library back to Mokelumne Hill.

The community raised \$127,875 more in donations for computers, and other supplies. Renovation was started on our soon-to-be new library, and June 1999 was our grand opening.

***All regular services of the library are available on Tuesdays, Wednesdays, and Fridays:** checking out books, DVDs and CDs; computer and internet access, copying and faxing.

***On Thursdays we are open as our Community Center:** a place to share ideas and interests. Library materials cannot be checked out; but the computers/internet access, printing, copying and faxing, and used books sales will be available.
