

# Training/Boarding Accident Waiver

I understand that there are risks with stock dog training that may include injury or death. I agree as the owner of the dog to be fully responsible for any veterinary care and costs if the need arises. By knowing the risks beforehand I will not hold Amanda Whisenhunt (Whisenhunt Farms) responsible. This waiver includes any other possible risks or accidents- including but not limited to sickness, escape, or theft.

Not Responsible for Accidents extends to breeding bitches or any other temporarily boarded animal. It is my responsibility as the animal owner to have given appropriate preventive vaccinations and deworming prior to boarding date. A Bordetella vaccine is required.
