

GRAND COUNTY WATER CONSERVANCY DISTRICT  
GRAND COUNTY SPECIAL SERVICE WATER DISTRICT

Regular Meeting ----- September 13, 1990

The meeting was called to order by the Chairman, ATTENDANCE  
D. L. Taylor at 7:00 A.M. at the District office. Other  
Board members present were John Groo, Karl Tangren.

Special Service District members present were D.  
L. Taylor, George White, and Dan Holyoak.

Others present were Dale Pierson, and Roberta High-  
land.

After calling for additions or corrections to the MINUTES  
minutes of the meeting of August 23, 1990, and hearing none,  
the Chair declared the minutes approved as circulated to the  
Board.

Dale reported that the Norman Well would be rela- BOB NORMAN  
tively expensive to pump because there would be 300 ft. of WELL  
lift. He has suggested that Norman move the tanks to the  
site, put a lift station above Highlands to pump water up to  
his subdivision. With GW #4 and #5 capacity, the District  
could serve 3 times the present customer load. Present line  
and pressures were discussed.

Dale reported he has been unable to contact Bedke, DOUG BEDKE  
but if we cannot contact him, we should contact another en- ENGINEERING  
gineer. After a discussion, Dan suggested we hire another  
engineer. Dale stated he could contact Sunrise Engineering  
and a firm in Grand Junction. D. L. suggested a registered  
letter be sent giving notice of termination of his services  
unless the plans for the lift pump are received immediately.  
George asked about purchasing the well Gary is using, and it  
was pointed out that pumping irrigation water is not cost  
effective, and it would have to be culinary water to make it  
feasible. Karl suggested the District look into turning the  
Corbin well to George's fields before purchasing the Beeman  
Well.

Dan reported that at the MIC meeting Walker had MOAB IRRIGA-  
stated he felt the irrigation company would be hurt if they TION CO.  
canceled the contract. MIC has decided to consult their at- CONTRACT  
torney about a possible decision to cancel the contract. D.  
L. stated the District should also consult their attorney.  
Dale suggested the District study the sale of the 150 AF of  
water to Farnsworth on the mountain. D. L. suggested the  
Board meet with Mark Page in the morning when he will be  
here at the District office. High water rights were dis-  
cussed and possible readjudications.

The Board agreed by consensus to recommend John JOHN GROO &

Groo and James Walker be reappointed for another term.

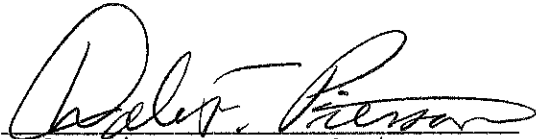

JIM WALKER

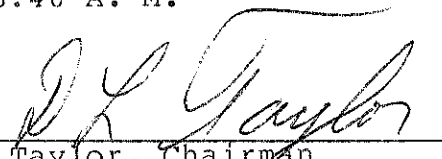

The financial statement was discussed, and George FINANCIAL stated he was turning in another pumping costs on another STATEMENT well he is using. The list of checks written was passed to those present.

The meeting adjourned at 8:40 A. M.
