It's recital planning time at Monarch! We're working hard to develop a fun, creative, and positive performance experience for each of our dancers. Our recitals are small, low-stress, and SHORT!

Although recitals require a time commitment and expense, we believe dancers benefit from participating in a year-end performance.

We encourage all of our Monarch families to participate in the celebration of their dancer's commitment, discipline, confidence, and performance skills gained throughout the dance year.
