

September 2020/Apple Tree Prep, Athens

Dear ATP Parents,

Happy September! Last month they studied themselves and discussed their family. The month was completed by discussing color, shapes, and the five senses. The students also enjoyed lessons on listening for sounds and tasting foods.

This month the students will learn about their feelings, music & movement, dental, and nutrition. Over the next couple of weeks, please check your emails often. This is where admin updates will come.

We are moving in safety, cleanliness, and love.

Happy September!

ATP-Athens Administration Staff

Reminders:

***Remain in your car when dropping off and picking up on rainy days for the safety of all.**

***If you arrive after 8:45 am, please pull into a parking space and call.**

***All students must be present by 10:00 am.**

***To avoid a \$50.00 late fee being assessed to your account, payments are to be made on Fridays for the upcoming week.**

Curriculum Information for September 2020:

***My Feelings**

Photos are not being placed on Newsletters at this time but we are working
hard to begin our Classroom Facebook groups.

Things you can do with you little one as we explore this month's themes:

Have a conversation with your little one. Ask how are you feeling today?

What are feelings? <https://youtu.be/-J7HcVLsCrY>

Why should we go to the dentist?

Your teeth are an important part of your smile, and they also help you chew foods like crunchy apples or yummy pizza. Brushing and flossing are important, but you also need to visit your dentist regularly to keep your teeth strong and healthy. Let's learn more about what happens at the dentist's office.

What Does the Dentist Do?

The dentist is a doctor who is specially trained to care for teeth. When you visit for a checkup, your dentist will look at your teeth and gums to check for any problems. The dentist also wants to make sure your teeth are developing properly as you grow. It's important to visit your dentist every 6 months to make sure you're taking good care of your teeth and that your teeth and gums are healthy.
