Purple Worship Booklet Covers (65 needed for walks) Materials instructions

This is just one version of planning and making the booklet covers.
There are more complicated sewing patterns, but this one is pretty simple.

Cutting 8" x 14" fabric for Booklet Covers

This diagram is for fabric that comes in 44" width, shown below folded in half for a 22" width. The picture represents one yard of fabric. I use a rotary cutter.

- 1 Keep the fabric folded in half.
- 2 Cut the fabric into 8 inch strips. If your fabric is continuous, you will get 9 strips from 2 yards of fabric.
- 3 Leaving the fabric folded, cut across each strip at 7 inches. (That creates fabric for one bookcover from the folded edge)
- 4 Then cut across the remaining fabric at 14 inches (that will be fabric for 2 bookcovers)
- 5 Cutting the fabric in this fashion, you can get 3 covers per strip, resulting in 27 covers per 2 yards of fabric.
- 6 For each Walk's bookcovers (65), you will need approximately 6 to 7 yards of fabric. (you will have extra for mistakes that might happen)

Sewing 8" x 14" fabric to create Booklet Covers

This diagram is for a booklet cover that begins with 8x14 inch fabric.

- 1 Iron 1/2" over at each end — wrong sides together. (underside of fabric)
- 2 Iron 2" over from each end — right sides together (top of fabric)
- 3 With the right side of the fabric facing up (except for folded ends), sew down the length of each side at 3/4"
- 4 If desired, place the bookmark ribbon at the halfway point and sew it into the seam on one side
- 5 Turn the cover right-side out and iron, folding ribbon into the book cover
- 6 Optional: Decorate book cover (applique, glue on items, etc.) or tie beads or other items onto the ribbon bookmark.
- 7 Finished book cover should be $6\frac{1}{2}$ inches tall and $8\frac{3}{4}$ to 9 inches wide.

Material's you need

6-7 yard of denim or twill fabric you want it to be thick
Thread to match fabric,
Ribbon for book mark

Before you sew the covers you will want to do the design on the front of them (if you are embroidering on them you will have to open them all the way to hoop them.)
The following people have embroidered them in the past and could answer questions if you have any.
