Mayor's Report

Rich Regovich
Mayor/Safety Director

School is in session. At the time I am writing this, we are not sure if school will be held physically at the schools or done virtually. Please remember to watch out for kids and buses. Not knowing how this year will be starting, I ask that you all be patient during the drop-off and pick-up procedures at Royalview and Willowick Middle. This is all new for everyone. We all have our own opinion on how the process and procedure should be handled, but I hope we can all respect each other's point of view.

We held the public meeting on Tuesday, August 11 to show the Lake Shore Blvd. and Lake Front Development plan which was presented by Environmental Design Group. This all started with a grant from the Northeast Ohio Area-wide Coordinating Agency (NOACA), and a Community Development Block Fund grant. Even though we could not meet in person, the Zoom meeting did allow people to see and hear the entire presentation. What we

have learned in this study is that Lake Shore Blvd. is eligible for a road diet which means that we can decrease capacity of the road and still accommodate the traffic. This allows new bike lanes and walking in a protected area. It also allows for greenspace and rain water retention and management. It would help keep rain water from going directly into the sewer system and to instead naturally dissipate. This plan would also increase the lakefront area and

bring us closer to the water.

We know that we need to increase household income in Willowick in order to attract businesses and families to locate here. It is a difficult task to find retail businesses that want to locate to 1950's-era buildings. The retail market today is difficult because of companies like Amazon. Fewer and fewer new businesses want to move into malls and older shopping centers. A business on the lake such as a restaurant is unique in Northeast Ohio and would

help update our retail space. New housing would update our housing stock and would meet a need for many who are looking for different housing options.

I want to thank Michelle Johnson from Environmental Design and her team for their hard work and vision. I also want to thank Katie Sieb and her team from NOACA for their guidance and foresight. We will have a link on the city web site for those who would like to view the presentation.

There are two tax renewal levies

on this November's ballot. Issue 1 is a 1 mill renewal for the Sanitary and Storm Sewer levy. Issue 2 is a 1.5 mill tax renewal for safety forces. Both are five-year levies and both are needed and used to help our sewers and keep our police and fire equipment up to date. Renewal will not increase your property tax. Please contact your Council person or me if you would like more information.

Have a great month, and please stay safe.

Bankruptcy 101:

*Peace of Mind Now
Through Bankruptcy*

You are in financial distress. You are going insane. You NEED some peace of mind. You are thinking about filing bankruptcy but the whole idea makes you uncomfortable and you don't know where to start. No worries. This is what you do and what happens when you file bankruptcy. First, you interview an attorney. This is probably the most important part of the whole process. The interview is called an initial consultation and you should not have to pay for it. Do not hire anyone who wants you to pay for the initial consultation. The initial consultation is the meeting in which you determine your comfort level with the attorney and vice versa. First and foremost, you need to be comfortable with your attorney. He or she will be the pilot of a big part of your life and you do not want a slacker or someone who thinks they are doing you a favor to listen to you.

You as a potential paying client are (or should be thought of) as a valuable commodity. You should be treated with the utmost respect and handled with sensitivity because you are going through a very tough period. It is natural for a potential bankruptcy client to be afraid, vulnerable and questioning their decision to file bankruptcy. A good lawyer is a good listener and sensitive to the needs and feelings of their clients. So, pay a great deal of attention to the attorney's and the office staff's attitude toward you.

A good attorney welcomes client questions. Question their experience and how many bankruptcies they do a year. If the attorney does not do at least one per month I would be concerned. Robert Delchin, our bankruptcy attorney is a partner and founding member of our firm. His entire practice is focused only on bankruptcy. He teaches other attorneys at bankruptcy seminars. He has over twelve years experience in exclusive bankruptcy practice and knows what the bankruptcy court judges like and do not like. He knows all the different bankruptcy trustees (the people who represent the creditor's interests) and how they want their cases prepared to ensure they are approved. Most importantly, Mr. Delchin is respected by the court and trustees because he has a reputation for being on time and prepared. He

has established Biales Delchin Law as a highly competent, seasoned professional bankruptcy firm. A reputation that directly benefits our clients.

Today it is a common practice for many bankruptcy firms to send inexperienced lower paid, younger attorneys to represent their clients at the meeting of creditors and in court. Oftentimes the clients that are put into this unfortunate situation meet their attorney for the first time a few minutes before they are questioned by the bankruptcy trustee. This will never happen at Biales Delchin Law. If you retain us for bankruptcy Mr. Delchin will be your attorney. In addition, you will have a dedicated bankruptcy paralegal who will be available throughout the week to answer your questions and provide assistance.

The practice of bankruptcy has become highly specialized. It's not really something an attorney can do once in awhile and maintain a competent skill level. Fees and costs should be quoted up front in an understandable fashion. You should understand exactly what is covered in the fee and what, if any, added charges might arise. You should meet with the attorney for the initial consultation. You should not meet with a paralegal or legal assistant for the initial consultation unless it is your preference due to a time crunch or some other legitimate reason. The attorney you meet with should be the attorney who will be representing you at the meeting of creditors and be responsible for your case throughout the duration of your representation. The information gathering process at the first meeting is profound and needs to be gathered by the professional so that any potential problem is identified early. Most importantly, you should follow your intuition. If you are not comfortable with the attorney, the office staff or the office environment you should not hire that firm.

In our office, when you come to the initial consultation bring a month of current pay stubs. If you do not have a month of pay stubs bring your most recent pay stub. If you are not employed or self-employed bring account statements or the records you keep of the income you are receiving. Have an idea who you owe money too. Bring any lawsuit, garnishment, repossession, utility shut off, license suspension or foreclosure court papers. If you

do not have anything- do not worry. Just bring yourself and we will help and guide you to get what is needed. We try to keep it simple and make the process as easy as possible.

We give the client a worksheet to take home and fill in his/her creditors and other relevant information. Then the client comes back, and we go over it with them to help them complete it. If the client decides to hire us, she/he puts a portion of the fee down and is put on an affordable payment plan. Once they put the initial payment down (as little as \$300.00 for our firm) we start taking all their creditor calls. We stop the creditors from calling them. The creditors are not allowed to call the client anymore once a bankruptcy attorney has been retained. We do not wait until we are paid in full to stop the creditor calls. The client needs peace of mind which cannot be obtained until all the creditors are backed off from calling. We focus on taking all the financially related stress out of the client's life so they can focus on getting back on their feet.

Once the case is paid in full, we will have a final meeting to go over the client's worksheets. We then enter it into our computer and create what is called a petition and schedules. The client is called in to review and sign it and then we file it electronically from our office. In about a week the attorney and the client will receive a notice of a meeting of creditors which usually is held approximately four to six weeks from the filing date. The meeting of creditors will be in Cleveland, Akron, Jefferson or Youngstown

depending upon where the client resides.

The client will have to attend the meeting of creditors with the attorney. It takes between ten and thirty minutes depending upon the issues in the case. The client will be asked questions by a person called a bankruptcy trustee. The questions are basically about what the client owns and how much money she/he makes. We meet with our clients early and thoroughly prepare them for this hearing so that everything goes smooth. It is rare for creditors to attend even though it is called a "meeting of creditors." Any problems or issues will be disclosed at the meeting of creditors. Clients usually are required to attend only one meeting of creditors.

After the meeting of creditors, for all practical purposes, the

process is over for the client. A creditor has sixty days from the meeting of creditors to object to the client's discharge. Unanticipated objections seldom occur, and if they do, we resolve them so the client can receive their discharge. The "discharge" is the court order that forgives all the client's debt. This is called "a fresh start." The client receives the discharge order which is a piece of paper in the mail. She/he needs to keep the discharge order in a safe known place because that is the paper they will send a creditor if that creditor claims the debt is still owed.

Then the client uses their fresh start to rebuild his or her life and credit rating and lives happily ever after (hopefully). That is what happens when you file a basic Chapter 7 bankruptcy.

Your Checklist if You Need a COVID Test

You would be hard pressed to find anyone today who is not aware of the need for COVID-19 testing. However, questions quickly arise once a person decides they need to get a

COVID-19 test. *Where should I go to get the test? What will it cost? Will Medicare cover it? What if I need to be hospitalized?*

Here are some of the basics

about COVID 19 testing:

Where to begin?

Start by contacting your physician's office as soon as you have concerns. They will help you assess your situation and tell

you where to go to get tested. If you do not have a doctor, call your local hospital, the health department, or an urgent care center for guidance.

Is the test covered by Medicare?

Testing for COVID-19 is covered under Medicare Part B. Medicare will also cover serology tests that can determine whether an individual has been infected with COVID-19 and has developed antibodies to the virus. Medicare Advantage plans are required to cover all Medicare Part A and Part B services, including COVID-19 testing.

Will hospitalization be covered?

Medicare covers all medically necessary hospitalizations. This includes if you are diagnosed with COVID-19 and might otherwise have been discharged from the hospital after an inpatient stay, but instead you need to stay in the hospital under quarantine. You will still pay for any hospital deductibles, copays, or coinsurances that apply.

What if I get a surprise bill?

You can help avoid unwelcome surprise bills by taking a few minutes to contact Medicare,

your Medicare Advantage plan, or other health insurance company in advance of any tests or treatment. Ask about your coverage and note the names of the people you talked to about this. Follow this call up by contacting your healthcare provider to confirm their billing policy.

If you receive a bill that you did not expect, do not pay it right away. Contact your insurer and healthcare provider to see if you were billed in error. If this fails, file an appeal.

Will a vaccine be covered?

Currently, there is no vaccine for COVID-19. However, it will be covered by Medicare if one becomes available.

New Laketran Routes to Connect Tyler Blvd., Mentor Headlands, Mentor-on-the-Lake & Painesville

Laketran is launching its first new route service in over twenty years on Monday, September 14.

Laketran board of trustees approved a long awaited bus service to improve transit access along Lake County's largest employment corridor. City of Mentor's Tyler Boulevard is the major arterial connecting ten industrial boulevards lined with over 300 employers and 7,500 jobs, making it the 7th largest concentration of manufacturing companies in the state.

"Requests for fixed route transit service to Tyler Boulevard, Mentor-on-the Lake, and Mentor

Headlands have been going on for 20 years from both employers and residents," explained Laketran CEO Ben Capelle.

Laketran's new Route 8 will connect Tyler Boulevard to major destinations including Lakeland Community College, Great Lakes Mall, Mentor Park-n-Ride, Mentor High School, Mentor Civic Center area, Mentor-on-the-Lake, Mentor Headlands and Laketran Headquarters in Painesville Township, operating hourly on weekdays and every two-hours on Saturdays. Service will operate from 6:00 a.m. to 8:00 p.m.

The agency held multiple public meetings to gather input from residents and businesses on the needs of the community to design the routes.

"During our public hearing process and focus groups with Mentor businesses, we learned we also needed to better connect the east end of the county to jobs along Tyler Boulevard. So in addition to Route 8 in Mentor, we have launched Route 9 so residents in eastern Lake County can better access jobs," continued Capelle. "These routes will fill a transit gap in the center of the county with improved connectivity throughout our entire system making it easier for customers to transfer in county or to Cleveland using one of our Park-n-Ride routes."

Route 9 will provide peak service connecting downtown Painesville and Tyler Boulevard with service to Diamond Centre. Service will operate weekdays from 5:30 a.m. to 8:30 a.m. and 2:00 p.m. to 6:00 p.m.

Route 9 service will operate with a smaller Dial-a-Ride style bus equipped with amenities of a traditional fixed route bus

including bike racks, stop cords, a destination sign and fare box.

The new routes, made possible by the passage of Laketran's one quarter of one percent sales tax levy last November, will provide access for nearly 58,000 residents and to 33,000 jobs.

"One of the primary roles of transit is to increase economic activity, and one of the most impactful ways transit does that is by providing a reliable way to get people to work," said Laketran board president Brian Falkowski. "Lake County voters passed our sales tax levy based on a promise to improve access to job corridors with this route in mind. Even though the current pandemic has created uncertain times, we are committed to fulfilling that promise, especially when people may be looking for new job opportunities."

Mentor City Ward-4 Councilperson, John Krueger, has petitioned for service expansion in Mentor for a number of years, "We're excited to finally have service to our Headlands area and through our vital manufacturing corridor.

Laketran plays a significant role in our local economy by providing direct access to high-paying, skilled positions in our City. This new route will enhance connectivity throughout Mentor and surrounding communities."

Mentor-on-the-Lake residents that attended a public hearing for the service in March were eager for a more affordable transit option.

"Mentor-on-the-Lake residents, who have had to rely on Dial-a-Ride or just live without, now have a transit option that runs more frequent and is less expensive," shared Mentor-on-the-Lake Mayor Dave Eva. "We have a perfect mix of businesses and residents, plus a very pedestrian friendly community to have transit thrive here and we appreciate all the efforts Laketran has given to make this route a reality."

Laketran will also make a slight route change to Route 3 along Lakeshore Boulevard in Willoughby to travel along Tamarac Boulevard and Lost Nation Road to better serve the residential area.

Between the Lines: The Post Pandemic Liberal Arts College

Join professors Steve Volk of
Oberlin College and Beth Benedix
of Depauw University, as they
discuss their manifesto for the
reinvention of higher education! As
the summer of 2020 heats up and the
country navigates its way through an
unrelenting pandemic and the much
older burden of anti-Black racism,
colleges are attempting to prepare
for a fall without knowing who will
come or how they will be taught, fed
or housed. Examining the forces
that have acted to hobble higher
education and to sustain systemic
racism, Volk and Benedix explore
how small, liberal arts colleges
have gradually ceded to others the
power to create the kinds of schools
that their mission statements claim

they are. The authors call on liberal
arts colleges to seize this moment
of crisis to construct colleges that,
finally, are affordable, equitable,
just and transformative.

Online Info Sessions Help Adults Start or Finish College

Lakeland Community College wants to assure adults considering college—whether as a new start or a return to finish a degree—that resources are available to become a student this fall.

"Session" webinar is slated for each month and is intended to address concerns about going to college that are specific to adult learners. More than 30% of Lakeland's student population is comprised of adults ages 25 or older.

"When you haven't seen the inside of a classroom or taken a test in years, it can be a bit intimidating to think about going back to college," said Leslie Mohr, recruitment coordinator. "Lakeland has hundreds of adult students who take classes each

semester, so we'd like anyone thinking about going back to school to know that they wouldn't be alone."

The session will focus on commonly asked questions among adults returning to school such as:

- Why should I return to school?
- How long will it take for me to earn a degree or certificate?
- How can I afford college and can I get financial aid?
- How can I start?

Other topics discussed that are

important to adult learners include child care, online classes, credit for prior learning/experience and resources to balance work, home and study. Participants will also learn about bachelor's or master's degrees available through 4-year university partners at Lakeland's Holden University Center.

To register for the free info session, email recruitment@lakelandcc.edu or call 440.525.7900.

For more information visit lakelandcc.edu/web/about/adult-learner-departments.

Bathroom Remodels are the #1 Way to Increase Home Value!

We get bathroom remodels that are expensive. However, we are doing 5-10 bathroom remodels in Willowick every month. Here's why:

When it comes to increasing the value of your home, the bathroom should be an area of interest for you. The average cost of remodeling your bathroom in 2020 is right around \$10,000, with low-end remodels coming in at around \$2,500 and high-end estimates reaching up to \$25,000.

While this might seem like a lot of money, there are ways to lower the cost of a bathroom remodel while still adding a ton of value to your home.

Let's look at several ideas you can use to add value to your home via bathroom remodeling in 2020.

Let's Talk Countertops:

The pros to upgrading are low maintenance and high impact. These come with high upfront cost, but make a huge impact on

the value of your home.

Safety Features for Seniors can make life in the bathroom a lot less stressful, the cons are they may be unattractive to younger buyers.

Reglazing a Tub is a low cost way to bring a tub and surroundings back to life. The con is it typically is a 2-5 year fix.

LED Mirrors bring a bathroom up to the 21st century and are of huge perceived value. This will also make applying makeup a breeze. These are a little more expensive to install because they require power.

Shower Seats are a way to increase comfort in the shower. A larger shower is required to install a shower seat.

We would love to help talk you through your options.

Give us a call/text at (440) 363-6400.

Now is the time to start or finish your college degree.

- Affordable tuition

DIVORCE 101:

**DISSOLUTION:
EXPEDIENT. ECONOMICAL.
UNCOMPLICATED**

The most fundamental difference between a contested divorce and a dissolution and/or uncontested divorce is that in a contested divorce the parties cannot agree on one or more of the issues whereas in a dissolution or an uncontested divorce the parties agree on everything. Dissolutions and uncontested divorces are very cost effective and can be finalized in as little as six weeks from the date of the filing. The cost of the divorce or dissolution will vary on the number of issues in the case. In a dissolution or uncontested (no fighting) divorce the financial cost can be dramatically less than a contested divorce (the parties cannot agree on one or more of the issues) but, most importantly, the emotional cost to both parties and their children, if applicable, is much lower.

An action for divorce- if the parties cannot come to a voluntary agreement- can easily take a year or longer to finalize. There is the dread of runaway attorney fees averaging \$250-\$300 per hour. In a contested divorce (where the people are actively fighting) there is always the worry (which is justified) that the attorney will quit if you run out of money or the fear of receiving another several thousand-dollar bill unexpectedly. The information gathering process referred to as "discovery" can become a costly and stressful nightmare.

Discovery is not required with dissolution.

The emotional price of continuous daily resentment, depression, fear and worry can become overbearing and destructive to one's health. Dissolution avoids all of this. That being said; It is very difficult to get two people who are usually not the best of friends to begin with to agree on all issues. All issues must be agreed to for a successful dissolution to occur. This requires compromise. The cardinal rule is that nobody walks away happy. Each party usually feels wronged in some way by the other. Each party usually feels that they could have obtained a better result if they would have just held out longer or been more aggressive. The truth is the law is pretty settled on how property and children are resolved. In most cases, you will not get a better result by engaging in prolonged litigation.

If the parties are unable to come to an agreement regarding all the issues, as is often the case, a divorce must be initiated. I try to resolve as many issues as possible before hand and communicate with the other party or his/her attorney to coordinate the process. It is always best to work together and focus upon resolution of the issues on which the parties agree. The purpose of the attorney is to make the process as minimally painful, and least expensive as possible. Yes, you heard right our job is to make your life easier and less stressful

by making the process as simple and affordable as possible. From my point of view I'd rather have regular infusion of smaller fees coming in that can be turned around fast ensuring client satisfaction rather than some monstrosity where the people are spending thousands of dollars an hour fighting over silverware (which I simply would not do.) And, of course, the client's going to be angry at the attorney when he comes to his senses- and his anger is justified in a situation like that where a client is taken advantage of in an emotionally charged state. Not Cool! Happens every day. But dissolutions are so relatively inexpensive and simple that there is no way really to be taken advantage of. Lawyers concentrating in dissolution law are really more about providing a cost effective option to the average income Jane or Joe to be able to move on with their lives in this current

pandemic crap economy where most people are either out of work or out of money. And the client doesn't really have to worry about getting bamboozled by dissolution attorneys because attorneys who are that way don't practice dissolution because its more of a low buck, discount area. Contested divorce practice is where people can throw away money with no viable objective other than to hurt each other which is, also, a very sad commentary on the current state of the practice of domestic relations.

Bottom line. If both parties can be open and honest throughout the process a dissolution is the best way to go. Like in everything, communication is key. Unfortunately, in many cases, the parties have so much resentment toward each other that they are simply unable to cooperate. This is never in anybody's best interest and can be very damaging to children.

There are certainly ways to minimize the pain and cost of a divorce, but it will never be as efficient and emotionally healthy as two parties coming to a voluntary agreement with dissolution. I believe that a dissolution really should be possible in most cases if two factors are present (1.) the parties are mature, sensitive and intelligent and (2.) the matter is approached with a cost versus benefit business analysis, an open mind and sound professional guidance. I know this is easier said than done. But- if accomplished- the financial and emotional rewards (including healing time) reaped are enormous for the parties and children and will simplify and bring to a peaceful conclusion a situation that, otherwise, has the potential of turning into an ugly thing in times that are already about as ugly and uncertain as we have ever seen.
