		If you receive an invoice, you may dispute it with our per diem department at US038-PerdiemDisputes@msc.com									

YES	Receiving
NO	Not receiving

When pulling reefers from Quality (only applies from Quality Container Yard), please specify what will go over the road and what will be for local use so a container from the proper stack can be given to the drivers.

We have set up 2 different criteria (local use and road use) for reefer releases and need your cooperation to help avoid any possible issues with the reefer/genset on long road moves.

Quality will start recording the loading cities on the EIR's and we will be rejecting any claims due to units failing over the road if loading address/location is not specified prior to picking up from the CY (at the gate).
