The **Arizona Tax Credit Program** (A.R.S. 43-1089.01) allows any Arizona taxpayer to donate up to \$400\* to a school of their choice in support of extracurricular programs and get their **entire donation back** in the form of a tax credit.

### What does my donation pay for?

School tax credit donations help pay extracurricular activity fees. Funds can apply to sports, arts and music programs, and most after-school student clubs.

#### How much can I donate?

A person filing their tax return individually may contribute up to \$200. Married couples filing jointly may contribute up to \$400.

### Who can donate?

Any Arizona taxpayer can make a tax credit donation, regardless of whether or not they have children in school.

## I have been donating money to schools for years, what's the difference?

Contributions to schools have always been tax deductible. A tax deduction allows you to subtract the amount of a contribution from the amount of your taxable income. The Arizona Tax Credit Program allows a tax credit, which is subtracted from the amount of taxes you owe.

### What is the difference between a tax credit and tax deduction?

A tax credit is a dollar-for-dollar reduction in the actual tax owed. A tax deduction only reduces total taxable income from which the taxed owed is calculated.

## Can I choose which extracurricular activities my money should benefit?

Yes, you can indicate areas of allocation, such as a student club or activity. Designation must be made at the time of donation.

### Are all Arizona schools participating?

No, only public schools that charge fees for extracurricular activities are eligible for the tax credit. Tempe Union implemented a \$1 extracurricular Activity Fee, effective September 10, 1998. In June 2002, the district began charging additional fees for some extracurricular activities. These fees qualify for the tax credit program.

## If I get a refund from the state, will I still benefit from this tax credit?

Yes, your refund may increase by the amount you contribute. For example, you have paid \$400 in state taxes during the year through payroll deductions, but your tax liability is only \$300. You are therefore receiving a \$100 refund. You have also made a \$200 contribution to a school in order to receive a \$200 tax credit. You would then receive a \$300 refund. *The tax credits may only be used to the extent they reduce your tax liability to zero.* 

## What do I submit with my taxes as proof of this contribution?

You must submit the receipt from the school. Once you have given your contribution to the school representative, a receipt will be provided to you for tax purposes. If you mail in the completed tax credit deposit form with your contribution, a receipt will be mailed to you.

### When can I participate?

Right Now! All you need to do is fill in the Tax Credit Donation Form and write a check made payable to the school of your choice. Mail the form and your check to the attention of the Bookstore Manager at the high school you've chosen. It must be postmarked by Dec. 31 to take advantage of the tax credit for this year.
