Memorandum

In 2009, the first year GC-AAM starts its ministry. 35 churches of Baltimore-Washington Conference showed 10 Asian-American Professing Members. In 5 years, 7 churches lost members and keep less than 10 members. One church lost all Asian American members (18) in the same period. These churches show 10% thru 100% decline. We have now seven 5 new churches (3 churches from CM; 1 from F and CM). Oxon Hill (Rev. Harry Smith) increased show the greatest increase of Asian American professing members (61 members from 35 members - 74%). Glen Mar (CM) shows 111% increased. Mizo United Methodist Church

as new Asian church increased 118% Centennial-Caroline showed dramatic reduction of the total membership from 408 to 148 and had no Asian five years ago and now added 10 Asian American professing members to 138 faithful members.

Cumberland-Hagerstown District is doing well this year with Asian American ministry. Currently 18 professing members attend at 12 churches faithfully and regularly. There were only 8 Asian American professing members in 7 churches of the districts 5 years ago. The entire district shows 125% increase of Asian American professing members. Praise the Lord!
