

2018-2019 Winter CSA Program

What is a CSA?

Community Supported Agriculture is

a partnership between farmers and consumer! A CSA is a weekly farm share or subscription of fresh farm products. Our farm benefits from a CSA in many ways! We are able to extend our growing season beyond our fall harvest, which also allows us to employ many of our team members year-round. Customers enjoy our CSA, because they are encouraged to eat seasonally and enjoy the benefits of fresh products!

How Ours Works

We work all season preparing, seeding, planting, & harvesting in order to make this program possible. We create a complete box of fresh fruits and vegetables, usually 6 or more items per box, every week. A newsletter, including farm updates & information, and our favorite recipes will be included in each box. Weekly boxes normally support a 2-4 person household. Our program runs for 10 consecutive weeks, starting the **first Friday in November through the first Friday in January**. We offer 7 different drop-off locations in the Northern Neck area. Emails will be sent weekly for reminders and information.

Cost & Payment

Program cost is **\$225** for the 10-week subscription. You will receive a \$25 value per week, in each box. Payment can be made in installments or in full by cash, check or credit card. Please see next page for payment mailing address. **Full Payment due October 19th**.

We have read over last season's surveys and have taken a lot of things into consideration for this year's CSA. We are starting our program a bit earlier to promote more variety throughout the duration of the program and to help maintain quality each week.

WEEKLY PICKUP Dates
