

# **Wastewater Committee**

## **Meeting Minutes**

### **1/14/16**

Present: Committee members Bear Zaidman, Ray Turner, Lucia Terry, Dave Crowell, Jim Kidder, Allen Hayes, Chuck Hamaty, Peter Oberg.

Also present: Selectman Bob McHatton, TM Peabody, Anne Krieg, Skip Sullivan from the BEDC, and Jamie Potter

Absent: BOS liaison Bernie King

Call to order at 6:05 PM

Pledge of Allegiance

Minutes were accepted as written

1. Discussion around EU vs allocation: what changes, how to compare, how to assess and show users what it might mean on their bill. We went through the spreadsheet and assigned/corrected the EU assignments for each user as best we could with what we know collectively of each property. The final edit will happen once we have input from the engineer and also from the users. Discussion followed of the engineered "value" represented by one Equivalent User. There is some confusion on the finer points. It was suggested to have the engineer come again to a meeting and help us sort it out.
2. It was agreed that the letter TM Peabody has written that's going out to system users will not give any details of how the numbers work, but be instead a simple request for basic info and/or contact.
3. Next meeting will be set once we have a date with the engineer.

Adjourn 8:25pm.

Submitted by Lucia Terry, recorder.
