

COLUMBINE VALLEY HOMEOWNERS ASSOCIATION  
INVESTMENT POLICY

Adopted October, 2013

The following Investment Policy has been adopted by Columbine Valley Homeowners Association ("Association") pursuant to C.R.S. 38-33.3-209.5, at a regular meeting of the Board of Directors.

**Purpose:** To protect and ensure the safety of the assets of the Association and those volunteers who participate in the investment process and to further provide guidance to those who offer investment services to the Association, including brokers/dealers, banks, consultants, savings institutions, and custodians.

The following investment policy addresses the methods, procedures and practices which must be exercised to ensure effective and judicious fiscal investment management of the Association's funds.

NOW, THEREFORE, IT IS RESOLVED that the Association does hereby adopt the following policies and procedures for the investment of the Association's funds:

1. Investment Objectives

All funds which are not held for foreseeable short and intermediate term operating expenditures shall be deposited and invested by the Association in accordance with this policy to accomplish the following objectives:

- A. Safety of Funds: Safety of principal is the foremost objective of the investment program. Investments shall be undertaken in a manner that seeks to ensure the preservation of capital, with the objective of mitigating credit risk and interest rate risk.
  - 1. Credit Risk: The Association will minimize credit risk, the risk of loss due to the failure of the financial institution, by:
    - a. Limiting investments to the safest types of investments as provided for herein;
    - b. Pre-qualifying the financial institutions, brokers/dealers, and advisors with which the Association does business; and
    - c. Subject to the limitations herein, diversifying the investment portfolio so that potential losses on individual investments will be minimized.
  - 2. Interest Rate Risk: The Association will minimize the risk of the market value of investments in the portfolio due to changes in general interest

rates by:

- a. Structuring the investment portfolio so that investments mature sufficiently close to cash requirements for ongoing operations, thereby minimizing the potential need to sell investments prior to maturity; and
  - b. Investing all funds primarily in short- to intermediate-term investments.
- B. Liquidity of Funds: The investment portfolio shall remain sufficiently liquid to meet all planned fund expenditures for the following fiscal year. To ensure that adequate funds are available to pay the Association's expenditures, investments shall reasonably match the planned fund expenditures for the following fiscal year.
- C. Types of Investments: The fund portfolio shall consist largely of money market accounts and/or certificates of deposit.
- D. Yield: Subject to the restrictions on the types of investments, the Association's portfolio shall earn a competitive market rate of return on available funds throughout budgetary and economic cycles. In meeting this objective, the Association, through the Board of Directors, will take into account the Association's investment risk, constraints, and cash flow needs.

## 2. Ineligible Investments and Transactions

The Association shall not invest in the following asset classes:

- A. Individual stocks;
- B. Equity mutual funds, domestic or foreign;
- C. Mutual funds consisting of bonds or mortgages and or derivatives;
- D. Options on equity, debt or commodities;
- E. Floating rate securities; and
- F. Investment in a single institution in excess of FDIC insurance limits.

## 3. Selection of Banks and Credit Unions as Depositories and Providers of General Banking Services

Banks, savings institutions and credit unions shall be approved by written resolution by the Board of Directors to provide depository and other banking services for the Association. To be eligible for authorization, a bank and savings institution must be domiciled in the United States and be a member of the FDIC. To be eligible for authorization, a credit union must be domiciled in the United States and accounts must be insured by the National Credit Union Share Insurance Fund (NCUSIF). Banks, saving institutions and credit unions failing to meet the minimum criteria outlined in this paragraph, or, in the judgment of the Treasurer or Board of Directors, no longer offering adequate safety to the Association funds, shall be unauthorized to

provide depository and other banking services for the Association.

4. Delegation of Authority

Responsibility for conducting investment transactions for the Association resides with the Treasurer and the President. The Treasurer will provide a copy of this investment policy to all of the Association's investment service providers. The Treasurer may engage the support services of outside professionals, subject to the availability of budgeted funds and approval from the Board of Directors. The Board of Directors shall provide a copy of this policy to the newly elected Treasurer at the assumption of office.

5. Reporting

On an annual basis, an investment report shall be prepared and submitted by the Treasurer or an outside advisor, who will provide such report to the Board of Directors listing the fund investments held by the Association and the current market valuation of the investments. The report shall include a summary of investment earnings during the prior fiscal year. The Board shall make available to requesting Members a listing on an itemized basis as to amount, type and rate of return, of the instruments, funds and accounts in which Association funds are invested or deposited.

6. Policy Revisions

The Board of Directors shall review this investment policy periodically and may amend it as conditions warrant.
