

Stencils, Paints & Inks

Reusable Stencils

Brimar's reusable stencils are available in either the old style oil board or flexible polyester. Polyester stencils do not absorb moisture and consequently will last longer. Polyester offers superior flexibility compared to oil board, which makes stencil painting easier than ever.

Brimar has elected to eliminate a stock list of stencils, and offers one low price per stencil regardless of stencil type as long as the legend is 20 characters or less. As with all Brimar products, stencils are available quickly. Stencil orders ship in 1-3 days, in most cases.

- Arrows with legends are considered 3 characters.
- Arrows without legends are priced as an individual stencil.
- Price per stencil or per 24" of material or per 20 characters (Brimar's choice).

No Set-Up CHARGES

- RPCS - Flexible Polyester Stencil
- OSOB - Old Style Oil Board Stencil

To Order Stencils: Specify part number, custom wording and quantity of each stencil. Larger characters are available, call for pricing.
